

THE KELOWNA COURIER

AND OKANAGAN ORCHARDIST

VOLUME 28

Kelowna, British Columbia, Thursday, April 14th, 1932

NUMBER 36

CITY ADOPTS POLICING BY PROVINCE

Effective June 1st—Force Probably
Will Consist Of One Corporal
And Two Constables

With all members present, the City Council held their lengthiest session for several months on Monday evening, the proceedings being concluded just before midnight.

Literally at the eleventh hour a surprise was sprung in the introduction of a recommendation from the Police Commission that an agreement be entered into with the Commissioner of Provincial Police for the policing of the city from June 1st upon the terms contained in a contract forwarded by the Commissioner, Col. J. H. McMullin. A covering letter from the latter stated that it was deemed that a corporal and two constables would be a sufficient force, in addition to the present provincial constable. The corporal would have duties to perform for the Province as well as the City, hence only half of his pay would be charged against the latter. It was reckoned that his pay on this basis and that of the two constables would amount to \$4,288.75 per annum. There would also be a charge of \$100 per annum per man for uniform, bringing the total cost to \$4,588.75. When constables were not supplied with quarters, they were allowed \$1.00 per day by the Department, so that, if the City could provide quarters for them, there would be a corresponding reduction of \$1.00 per day per man in the charge to the City. The Province would expect the City to maintain the municipal police office and lockup, but there would be no objection to use of the provincial court room for trials.

The conditions of the agreement require that all provincial constables remain under the sole jurisdiction of the Commissioner. All fines, fees and forfeitures imposed, levied and collected by magistrates for infractions of any Dominion, provincial or municipal law or regulation within the municipality will be paid into the civic treasury. The provincial constables will not collect any taxes or licences for the City. The agreement is not to affect the liability of the municipality to provide for the maintenance of municipal prisoners in the lockup and to pay for the maintenance of prisoners under the provisions of the Municipal Act and for the necessary expenses of conveying prisoners to the common goal and the salaries of the Police Magistrate and officials connected with the Police Court.

The Mayor having stated that a resolution authorizing execution of the agreement was desirable, Ald. Jones protested against such haste in view of the late hour at which the matter had been submitted. He also considered, although the Mayor said that a vote of the electors was not required to ratify the agreement, that the public should have an opportunity to pass upon the terms, a contention with which Ald. McDonald agreed.

Ald. McDonald figured out that there would be very little of a monetary saving, if any, in the new plan, while they had to keep in mind that the Provincial Police would not collect taxes and licences and it would be necessary to employ some person to do such collection work.

Ald. McKay, on the other hand, took the view that the Police Commissioners were elected by the citizens and therefore should be responsible in such a matter without the necessity of a vote of the people, otherwise they would be superfluous. He moved seconded by Ald. Foster, that the agreement, between the Commissioner of Provincial Police and the Municipal Council of the City of Kelowna, be signed by the Mayor and City Clerk and that the corporate seal be attached thereto.

Upon the resolution being put, Aldermen Jones and McDonald did not vote for or against it, and it was declared carried.

Manhattan Beach To Get Direct Access To City

Mr. J. L. Macfadden, of the Canadian National Railways, intended to discuss with the Council the desired extension of Water Street through to Manhattan Beach, giving the latter section direct access to the city instead of the present roundabout route. He explained that the C.N.R. was willing to effect an exchange of property, trading a strip for the required extension as a quid pro quo for an unused portion of Cawston Avenue, which is included within the railway track area.

A prolonged discussion of the matter ensued, the only sticking point being that the C.N.R. wished to restrict the width of the new street to twenty-four feet for a certain portion of its length, so as not to interfere with the trackage. This was considered too narrow by the Council, even as an approach to a purely residential area, and it was finally agreed to make the street nominally sixty-six feet wide, with the understanding that no objection would be taken to temporary occupancy by the railway of part of that width.

Lease Of Lot

Lot 34, R.P. 1000, was rented to Mr. E. E. Wahl for the period ending December 31st, 1932, for \$5.00, upon the usual condition of reversion of right of sale without any rebate of rental.

Franchise On Daylight Saving

On behalf of the Daylight Saving Committee, Mr. R. F. Parkinson, chairman, and Mr. Hugh McKenzie, secretary, attended to ask the Council for a

CITY FIRE APPARATUS MUST NOT BE IMPEDED

Driver Of Motor Truck Is Fined In
City Police Court

For failure to bring his motor truck to the right curb upon the approach of fire apparatus responding to a general alarm on Sunday, at 1 a.m., contrary to Section 31, Sub-section 1, of By-Law No. 514, Mike Schleppe, a local resident, was arraigned before Magistrate J. F. Burne in the City Police Court yesterday morning and fined \$10 and \$4 costs or seven days in prison. Schleppe intimated that he would appeal the case.

According to the evidence given for the prosecution by Claude Newby, Deputy Chief, and Charles Gaddes, of the Kelowna Volunteer Fire Brigade, both of whom were on the fire truck impeded in its progress by the vehicle driven by Schleppe, a general alarm was received at the Fire Hall on Sunday morning, at about 1 o'clock, following outbreak of fire at the residence of J. C. Schneider, Wilson Avenue, east of Ethel Street. With Gaddes at the wheel, they proceeded down Bernard Avenue to Ethel Street and turned north on to Ethel. After they turned the corner they ran into a stalled truck at the side of the road and stopped. As they were starting back on the road a truck passed them and kept in front of the fire apparatus until Wilson Avenue was reached. The siren on the fire truck was sounded continuously. After they had reached the scene of the fire, the Deputy Chief went over to the other vehicle, which was parked nearby, and discovered that it was driven by Schleppe. He reported the matter to City Constable Playden.

Constable Playden, called to testify, said that he followed behind the fire truck in question in another car. He saw the vehicle owned by Schleppe, and in front of the fire apparatus and run along ahead for about two blocks.

Accused pleaded not guilty and produced a number of witnesses to support his story, all of whom had been riding on his truck at the time of the fire. Schleppe, who was in the cab with his wife, declared that he did not hear the fire siren and that he did not know there was a fire, although others on the truck had heard it. He said that he passed a vehicle of some kind on Ethel Street but did not know what it was as it had no lights. Two cars passed him at the corner of Bernard Avenue and Ethel Street, and when he heard horns blowing behind him farther down Ethel Street he pulled to the side of the road and stopped. He had been on a party, he said, and was taking four families, in addition to his wife, home. There were ten in all on his truck.

Among other witnesses called for the defence were Peter Sperling, Mrs. Sperling, Jacob M. Schneider and Peter Seifert. Sperling admitted that he recognized the fire truck at the side of the road, and he wondered where the fire was. He said that two cars and the fire truck passed them on Ethel Street, and that the truck on which he was riding "was off the road to give them a chance to pass." He also said that he did not hear the siren at the Fire Hall until the fire truck had been passed, while Mrs. Sperling, who was admitted to the court room to testify immediately afterward, said that they heard the siren about a mile east of Leo's Garage and they all wondered (with the possible exception of Mr. and Mrs. Schleppe, who were in the cab) where the fire was. She saw the parked fire truck and two men which

in summing up the evidence, the Magistrate said that accused should have taken more care. It appeared that all but the accused knew that there was a fire. When accused saw the truck at the side of the road and the other cars he did not pull to the curb for the required three minutes, which the court have done. The testimony of the prosecution agreed in every particular. He would therefore convict.

JERSEY CATTLE CLUB FOR OKANAGAN

Kelowna Represented On Board Of
Directors

The Okanagan Jersey Cattle Club was formed at an enthusiastic and well attended meeting in Vernon on Saturday, when representatives from all parts of the valley were present.

Officers of the new organization were elected as follows: President, Mr. J. M. Landry, of Summerland; Vice-President, Mr. Ross Lockhart, of Armstrong; Secretary-Treasurer, Mr. Everard Clarke, Vernon. Directors: Mr. G. S. Dewart, Summerland; Mr. A. V. Surtees, Kelowna; Major P. J. Locke, Langford; Messrs. Tom Fowler and James Bann, Kamloops. Additional Directors will be appointed from other districts in the Okanagan.

Addresses were given by W. S. Wainwright, President of the B. C. Jersey Breeders' Association, who stressed the splendid work which has been done in the valley and in Vancouver Island and by W. T. Hunter, fieldman for Western Canada for the Jersey breed, who outlined the programme to be commenced in the Okanagan.

SEVEN CENT GASOLINE TAX OPERATIVE ON MONDAY

VANCOUVER, April 14.—It is announced that the new seven cent gasoline tax becomes effective on Monday next. Farmers, fishermen and others exempted from the former one cent tax will not be exempt from the increase under the new regulations, thus being forced to pay a tax of two cents per gallon.

DATE FIXED FOR ANNUAL CLEAN-UP

Committee Settles On Week From
April 25th To May 3rd—City
Trucks Not Available Earlier

April 25th to May 3rd is Clean-up Week.

The dates were announced on Tuesday by Mr. A. J. Hughes, chairman of the Kelowna Clean-up Committee. The period set aside for the renovation and beautification of property within the city falls two weeks later than in 1931 due to circumstances over which the committee had no control the year.

However, this does not prevent any citizen from commencing the good work right away—in fact, many have already been busy and have transformed an otherwise uninviting back yard into a place of beauty. Old wooden fences are usually unsightly as well as dangerous, and frequently prevent the healthy growth of flowers or anything planted near them.

Bonfires may be lighted in the residential districts between 8 a.m. and 6 p.m. each day, and citizens should take the opportunity to burn up as much of their refuse as possible.

Owing to pressure of other work, city trucks may not be available to haul away the extra rubbish much before the first of May. Those with lanes at the rear or side of their properties should place the refuse in neat piles or in containers as soon as possible. Those without lanes should see that the rubbish is placed on the street, outside of the sidewalk, not later than Tuesday morning, May 3rd.

It is expected that most merchants will feature Clean-up Week in their window displays and advertising during the next two weeks.

Let's all get together to make Kelowna the city beautiful.

PREVENTORIUM GAINS VALLEY SUPPORT

South Okanagan Organizations Give
Financial Aid

Dr. G. A. Ootmar, City and District Medical Health Officer, visited Penticton this week and addressed the Rotary Club, Gyro Club and Women's Institute there in regard to the tuberculosis preventorium project here, with the result that he received assurance of the support of these organizations. The Penticton Rotarians feel that the preventorium concerns the whole Okanagan and they have pledged their hearty co-operation. The Women's Institute donated a yearly contribution of \$25, while the Oliver Women's Institute will seek authorization of a similar amount at their next meeting. The Penticton Gyros are also giving assistance.

Dr. Ootmar does not think that any one in Kelowna should worry about the cost of upkeep of the preventorium, or that it will do any harm to the Kelowna Hospital, which is badly in need of funds. The main object of the preventorium is to arrest the development of incipient tuberculosis so as to save the sufferers, if possible, from becoming hospital patients and thus adding to the existing burdens of the Hospital. The splendid measure of support received from other points in the Okanagan warrants the belief, in Dr. Ootmar's opinion, that Kelowna will have to meet but a small relative proportion of the total upkeep, or, in other words, merely a fair share. He estimates that, if all the other Okanagan communities make a response similar to that of Penticton and other southern centres, not more than \$100 a year will be required from Kelowna as its contribution. Exact figures of the financial support already promised will probably be available for publication next week.

UNEMPLOYED IN AUCKLAND RIOT AND LOOT SHOPS

AUCKLAND, New Zealand, April 14.—Two constables were seriously injured and a number of others less seriously in riots by the unemployed here last night. The rioters looted jewellers' and other shops on the main thoroughfare, and the disturbance was not quieted until bluejackets were landed from the depot ship Philomet. The damage is estimated at \$500,000. The Mayor broadcasted an appeal to citizens to assemble at headquarters and help in restoring order.

The trouble started when a procession of civil servants parading in protest against cuts in pay was joined in the shopping area by a disorderly crowd of unemployed.

NEWFOUNDLAND TO HAVE EARLY ELECTION

ST. JOHN'S, Newfoundland, April 14.—Premier Squires announces that the Legislature will rush through all unfinished business and a general election will be held at once.

BRITAIN MAY LEGALIZE SUNDAY FILM SHOWS

LONDON, April 14.—A bill legalizing Sunday film shows has been given its second reading in the House of Commons by a vote of 235 to 217. London shows have been open on Sunday evenings but without legal sanction.

A depression is like a bad cold. When you get tired of doctoring and forget it, it wears off.

PLANS WELL UNDER WAY FOR VICTORIA DAY MEET

Large Number Of Entries Expected In
Track And Field Events

Organization plans are now being completed for an ambitious programme in connection with this year's 24th of May Track Meet and with representatives of practically all sport interests on the working committees the day bids fair to be of more than ordinary interest.

The tentative programme consists of a softball tournament in the forenoon, with entries assured from various interior points, track and field events in the afternoon, with a feature baseball game to wind up the activities of the day. There is also a likelihood that the annual Vernon-Kelowna bicycle road race may be staged on this occasion, as this year's race is scheduled to start in Vernon and finish in Kelowna.

The entry list in the track and field events will in all probability be a heavy one, keen interest having been evinced from Coast points as well as from Trail, Wenatchee, Revelstoke, Kamloops and valley centres, and undoubtedly some of B. C.'s finest track men will be seen in action. Watch the Court for additional news of the big meet from week to week as the full programme is developed and entry list compiled.

OUTBREAK OF FIRE BELIEVED INCENDIARY

Suspicious Evidence Discovered By
Fire Brigade

Fire believed to be of incendiary origin damaged the home of Mr. J. C. Schneider, Wilson Avenue, on Sunday morning, at 1 o'clock, when the Fire Brigade were summoned to extinguish flames which broke out in the attic of the residence. The prompt response of the Brigade confined the blaze to the attic and roof, but some damage was done to the ceiling beneath the attic. The loss, which is covered by insurance, will probably exceed \$100.

Belief entertained by the Brigade that the fire was deliberately set by persons unknown is borne out by the fact that the house was unoccupied during the evening and that no fire was left in the stove by the residents. Furthermore, a coal-oil container partly filled with oil was found near the origin of the blaze in the attic, and the charred frame of a valise, which had apparently been soaked with oil, was responsible for a hole burned through the attic to the ceiling below. The windows had been covered with cloth to prevent visibility of the blaze until it had made some headway.

Mr. F. L. Gorse, insurance adjuster, and Assistant Fire Marshal Fred Gore are investigating.

Another example of the carelessness of motorists at the scene of a fire was seen at Sunday morning's blaze. Besides running over hose and driving as close to the fire apparatus as possible, making a quick get-away difficult in the case of another alarm, there are some who have not yet learned to pull to the curb when a fire alarm is sounded, as required by law.

STOLEN PROPERTY FOUND IN POSSESSION OF YOUTH

Articles Are Identified As Having Been
Taken In Recent Burglaries

Found in possession of stolen property which indicates that he was implicated in the recent robberies committed in the city, a local youth has been held in custody for the past few days following his arrest by the City Police. He will be arraigned before Magistrate J. F. Burne at 2 o'clock this afternoon.

Stolen goods found in the possession of the youth, whose name was withheld, included a laundry bag belonging to the Kelowna Club, which was burglarized last week, and a glove identified as one of a pair taken from a local packing house. The bag is plainly marked "Kelowna Club" in indelible letters. Additional goods of various descriptions, identified as stolen property, are also held by the police.

AL SMITH'S PLAN FOR PAYMENT OF WAR DEBTS

WASHINGTON, April 14.—The proposal of Al Smith, Democratic candidate for the presidency in 1928 and a possibility in this year's presidential race, in an address last night, that Europe be permitted to pay its war debts by having the United States deduct from the debts twenty-five per cent of all U. S. goods purchased during the next twenty years, created a sensation in both political camps today.

DOLLAR AND POUND DROP A LITTLE IN NEW YORK

NEW YORK, April 14.—British currencies continued to decline today. The Canadian dollar is bid at 90 cents, one-eighth of a cent down and the pound sterling eased one cent to \$3.78.

A new craze in Vienna is to dance without music. There are jazz bands in this country too.

SILVER REGATTA SECOND IN RECEIPTS

Last Year's Jubilee Event Exceeded
Only By Visit Of Coldstream
Guards Band

Reports submitted at the annual general meeting of the Kelowna Aquatic Association, held in the small dining room of the Royal Anne Hotel on Thursday afternoon last, revealed that the gross receipts from the Silver Regatta of 1931 have not been equalled in the history of the Association, barring the visit of the Coldstream Guards Band. There was a record attendance, and the Queen Contest, introduced last year, contributed largely to the success of the twenty-fifth annual aquatic carnival. A similar contest will be promoted this year and, it is hoped, in future years.

While expenses were higher than usual in 1931, due to the commendable desire to make the twenty-fifth anniversary of the Regatta an event to be remembered as a gala occasion extraordinary, the Aquatic Association finished the season with a cash balance of \$454.51, a gratifying sum to carry forward to the next year.

The luncheon was attended by only fourteen or fifteen members, and business was handled with despatch. President Kenneth MacLaren occupied the chair, supported by Mr. W. R. Caruthers, Secretary.

Calling the meeting to order after luncheon had been served, the chairman remarked that he was pleased to see some members outside of the committee taking an interest in the affairs of the Association, and he would like to see every shareholder present. The Aquatic Association was an institution which had "done something for Kelowna," and was one of the most important organizations the city had.

After the Secretary had read the notice of meeting and the minutes of the last annual meeting, which were adopted, he read a letter from the Okanagan Loan & Investment Trust Company, in which it was pointed out that they had been favoured with no insurance business in the past ten years. In view of the fact that they were consistent supporters of the Association they felt that they should receive a fair share of the business.

The chairman having asked for discussion of the matter, Mr. H. C. S. Collett, of the Okanagan Loan & Investment Trust Company, spoke in support of the complaint registered in the letter, stating that the Loan Company donated \$25 per year to the Association and was entitled to some consideration when insurance was placed.

It was unanimously agreed that the insurance business should be divided fairly among the supporters of the Association, the total amount carried being \$14,540. It was therefore moved by Mr. J. B. Spurrier and seconded by Mr. Foot, that the incoming committee be recommended to divide this business equitably when additional insurance or renewals are necessitated.

President's Report

The next business on the agenda was the presentation of the President's report, which was read as follows:

"In presenting my report on the activities of the 1931 season, I take pleasure in drawing your attention to the substantial credit balance shown in the balance sheet. When one considers the difficult period through which your Association passed during the last twelve months, I am sure you will agree that great credit is due to your Directors and staff for the showing they have made.

"To review the year in more detail, I would like to mention the fence which was completed, the full benefit of which will not be felt until the coming season. I would like to urge the incoming committee to place a girl at the wicket in the first week of July at the very latest, and to leave in her hands the selling of membership tickets and bathing tickets on the same plan as was inaugurated at the close of last year's season, that is to say, \$1.00 per month, or \$3.00 for the season. Your membership fees have increased fifty per cent over 1930, and this is due, I feel, to the closing of the dance to the public on Saturday, as well as Wednesday. Throughout the season there was a most gratifying attendance by members at these dances and the old Aquatic spirit seemed to be returning.

"While on the subject of the dances, I would urge the incoming committee to renew the floor if they possibly can. (Continued on Page 4)

MEMBERSHIP DRIVE BY HORTICULTURAL SOCIETY

Executive Formulates Plan To Add To
Strength Of Organization

At a meeting of the executive of the Kelowna and District Horticultural Society, held in the local office of the Department of Agriculture on Monday evening, it was decided to organize a membership drive by sending to property owners in the city and district circulars outlining the objects of the Society and soliciting membership therein.

President Ben Hoy occupied the chair at the meeting, supported by the Secretary, Mr. P. T. Dunn. Other members of the executive included Mesdames B. McDonald, G. Royle and F. Thorneloe, and Messrs. Baisille, Hemmings, Palmer and Taylor.

The matter of holding a Society banquet, as had been suggested at the annual meeting, came up for discussion, and it was decided to hold this function some time during the fall.

The President remarked that he had made application to the City Council for the annual grant of \$100, and he was hopeful that the efforts of the Society, which advocated beautification of the city, would again be aided through the customary grant.

The chairman ruled that, in the Nov-embly Competition, the exhibit must be a hardy perennial. The competition this year will be judged by Messrs. W. R. Laws and W. J. Palmer.

It was suggested that mention be made in the Society's advertising that entry forms for garden competitions can be obtained from the President, and Mr. Taylor remarked that advance notice should be given in the press of the period during which gardens will be judged. The garden competitions will be conducted in 1932 as in former years and in accordance with the score card adopted by the executive in May, 1929.

Mr. C. H. Taylor was elected First Vice-President and Mrs. Thorneloe was made Second Vice-President.

Dates of the flower shows will be announced following the meeting of the Okanagan Valley Horticultural Society.

RATEPAYERS' ASSOCIATION IS FORMALLY ORGANIZED

Largely Attended Meeting Adopts Con-
stitution And By-Laws

The inaugural meeting of the Kelowna & District Ratepayers' Association was held in the I.Q.O.F. Temple on Thursday evening last, when a constitution and by-laws, which had been drawn up previous to the meeting, were read and, after a few amendments had been made, were adopted by the meeting. The attendance of ratepayers was very gratifying, about one hundred and seventy men and women being present.

Mr. J. E. Reekie, who was called to the chair at the opening of the meeting, pointed out that a ratepayers' association could be of great service to the community. Its activities mainly lay in constructively criticizing the efforts of the civic governing bodies and in co-operating with them in promoting the welfare of the city, in suggesting improvement for the benefit of citizens as a whole. He explained that a committee had been at work and had drafted a constitution and by-laws, the text of which would be read to the meeting, subject to amendments.

On the platform with the chairman were Mr. J. A. S. Tilley, an active worker in organizing the ratepayers, and Mr. W. S. Dawson, subsequently appointed Secretary, who was asked to read the constitution to the gathering. The constitution reads as follows:

1. The name of the Association is "Kelowna and District Ratepayers' Association."

2. The objects for which the Association is established are:

(a) To promote interest in the welfare of the City of Kelowna and in its municipal government.

(b) To support the municipal council in all policies and measures which the Association shall deem beneficial.

(c) To advocate such measures and further such policies as will assist in obtaining economy and efficiency in civic administration.

(d) To do all such things as are incidental or conducive to the attainment of the above objects or any of them.

The constitution received the unanimous approval of the meeting, after which the by-laws were read and considered. These, as amended, were unanimously adopted.

Election of officers, the next business on the agenda, resulted in the selection of the following:

President, Mr. J. E. Reekie; First Vice-President, Mr. J. A. S. Tilley; Second Vice-President, Mr. W. Charman; Secretary, Mr. W. S. Dawson; Treasurer, Mr. William Harvey, Executive: Messrs. J. Brydon, S. M. Gore, J. L. Clarke, T. Pitt and J. Gibb.

On motion by Mr. Bert Gibb, a vote of thanks was extended to those who had worked hard to organize such a successful meeting. All members of

ROD AND GUN CLUB DESIRES MORE MEMBERS

Subscription Rate Is Reduced To Nom-
inal Figure—Fish Rearing Pond
Mooted For District

Reduction of the membership fee from one dollar to fifty cents; decision to hold the annual fly casting and fishing competition at Beaver Lake on June 19th; resolution to ask the government to assist in the stocking of a rearing pond in the district; arrangements for a committee to help look after details of the convention of the Interior Fish and Game Clubs to be held in Kelowna this year; motion to request the Game Commissioner to stock the headwaters of Canyon and Sawmill Creeks with mountain goat and the headwaters of Mission Creek with elk; and election of officers for the ensuing year, are the high lights of the annual general dinner meeting of the Kelowna Rod & Gun Club held in the Royal Anne Hotel on Friday evening, when a representative number of sportsmen turned out to discuss the affairs of their organization.

Following an excellent dinner, the meeting was called to order by Mr. F. W. Pridham, President, and the minutes of the last annual meeting, which were adopted, were read by Mr. H. C. Francis, Secretary.

Club Not Very Active During Past Year

In submitting a verbal report on the past year's activities, the chairman stated that very little had been accomplished as the club was not the live organization it should be. As an example, the fly casting competition last year was a failure as only two entrants turned up. No trap shoots had been held, but some work had been done on Mill Creek so that the trout could not go above Thompson's. With regard to the proposed discontinuance of the Game Board, the club had presented a strong case with the result that the Board will carry on.

Concluding, the President referred to the question of the establishment of a rearing pond in the district, a matter which would be discussed at the meeting. This would incur expense so it seemed advisable to have the support of other clubs as well. He thanked the executive and the Secretary for their help during the year.

Finances In Satisfactory Condition

The balance sheet and financial statement, which was read by the Secretary, showed a balance of \$30.62 in the bank and more than thirty paid up members. The report was adopted.

Mr. J. Brydon congratulated the officers of the club on being able to show a surplus, remarking that it was one of the few organizations to do so in these trying times, and Mr. J. B. Spurrier extended thanks to the President and Secretary for their good work during the year. (Applause.)

In view of the fact that about one thousand licences were issued in the district last year, the small membership was subjected to criticism.

Col. Carey remarked that some years ago the Victoria club experienced the same difficulty in enlarging its membership, but by getting out and hustling individual members were able to bring in many new members. The same plan could be followed here with effect.

Membership Fee Is Reduced

Mr. Francis remarked that it had been suggested that the membership fee be reduced to fifty cents to conform with prevailing economic conditions.

Mr. Ben Hoy said: "The fee is low enough now. If membership in the club is not worth a dollar, it's not worth anything."

In moving that the fee be reduced to

(Continued on Page 6)

Determined to marry both beauty and brains, one man we know of arrived in jail for bigamy.

Setbacks stiffen the backbone if it's made of the right stuff.

The executive appeared on the platform and the meeting concluded by the singing of the National Anthem.

The Association has now two hundred members, and it is hoped that all who can will join and assist in the good work. Property owners in the city and all persons qualified to be on the municipal voters' list of the City of Kelowna are eligible for membership, subject to certain restrictions in the by-laws.

"BUILD B. C. PAYROLLS"

WITHIN
THE
ARCTIC
CIRCLE

The recent snow brings to mind the story of Pacific Milk within the Arctic Circle. When all other milk perished, this wonderful milk retained its vitality and flavour. We published the letter, some time ago, which gave these facts and still have it on file.

BOYSCOUT
COLUMN

1st Kelowna Troop
Troop First! Self Last!

Edited by S.M.

April 12th, 1932.

Orders for the week ending Thursday, April 21st, 1932:

Duties: Orderly patrol for the week, Beavers; next for duty, Wolves.

Rallies: The Troop will rally in the Scout Hall on Monday, April the 18th inst, at 7.15 p.m.

The annual general meeting of the Boy Scouts Association will be held in the Scout Hall on Wednesday, April 20th, at 8.15 p.m. It is important that all parents of Scouts or Cubs make it a special point of attending this meeting, because the Association feels that it is the duty of the parents to get behind the movement and give it all the support possible.

There seems to be quite an impetus in badge earning these days, apparently due to the new reference books. Recent tests passed were the Mile at Scout's Pace by Scouts L. Cross, Agar, Pekrul and Recruit Lidstone and Tenderfoot knots by Recruit Redstone.

At the Court of Honour last Friday, it was decided to set the date of the Annual Entertainment for Friday and Saturday, May 27th and 28th, with a dance on the Friday evening as in recent years. It was decided to leave the admission fees the same as before, viz., 50 cents for adults and 25 cents for children.

The Patrol competition stands as follows: Beavers, 371; Wolves, 465; Eagles, 454; Otters, 427.

The following interesting article is from the Scout Leader:

"During 1931 a total of 16,577 accidents occurred in Ontario. Of this number 1,738 proved fatal. The mishaps include practically every accident against which we give Scout training, either directly or indirectly. There were 341 accidental drownings, 33 electrocutions, 24 deaths from poisoning, 15 from strangulation, 19 from septic poisoning from wounds, 61 from burns or scalds. There were 159 accidents with fire arms, of which 45 were fatal. There were 534 cases of fractures or sprains and 299 accidents to hand or feet. Two of the latter resulted in death. There were 355 accidents during sports, ten being fatal.

"For Canada the totals can be multiplied approximately by five.

"Is this not an almost dismaying reminder of the importance of our first aid instructional work, and the general objective of Scout training, teaching to be mentally prepared to use the head under all circumstances? And a strong argument for encouraging yet more boys to qualify as Swimmers, Rescuers, Firemen and Public Safety Men."

Scout Notes Of Interest

The entire collecting task of a February clothing drive of Windsor, Ont., and the other border cities was given the Boy Scouts. A schedule of districts and the troops assigned to each was published in the Border Cities Star.

Hungarians predict that Godollo, near Budapest, will earn a place in history alongside Arrow Park, England, when the fifth world gathering of Boy Scouts is held there next year. They are counting upon the presence of Canadian Scouts.

During the recent newspaper "whistling nuisance" debate Lord Baden-Powell confessed to being one. "Carrying out the Scout Law," he said, "when angry, or in difficulty, I whistle, and likewise when I am particularly enjoying life and feel upish. Also for me whistling provides a substitute for smoking,—for, like a pipe, it gives satisfaction to me and annoyance to everybody else!"

"No individual man has exerted such a world-wide influence for good on such a vast number of people of all nations as Lord Baden-Powell. His name and example will be remembered when the memory of many of his contemporaries has faded into oblivion. It is indeed a privilege for any man or woman to be associated with such a movement,"—Hon. Lieut.-Col. J. H. Woods, Managing Director, the Calgary Herald, and Provincial Commissioner of the Boy Scouts of Alberta, at a Baden-Powell birthday banquet.

Old Country Rovers of several years' Scout experience are being sought by the Hudson's Bay Co. for apprenticeship posts in Canada. Ten or more have been in touch with Dominion Scout Headquarters. A recent typical letter from a Scottish Rover tells of two months alone as cook with his factor on an Ungava island, awaiting the freeze-up, then visits of Eskimos, the making of igloos, hunting seals and trapping foxes. All these young Scout adventurers write cheerily, reflecting the true Scout spirit under conditions that at times must be lonesomely trying.

KING AND QUEEN REVIVE ANCIENT CUSTOM

King George is shown here as an official of Westminster Abbey bids him good-bye after the King and Queen attended the Royal Maundy Money service at the Abbey—the first time the King and Queen of England have been present at the service for more than 200 years. The queen is standing by in this scene. According to custom, as many men and as many women as there are years in the King's age—67 this year—received 67 pence in maundy money and an allowance of 50 shillings in lieu of food and clothing.

WOLF CUB
NOTES

1st Kelowna Pack

"Do Your Best"

Orders for the week ending April 23rd:

The Pack will parade in the Scout Hall on Wednesday, at 6.45 p.m.

Please wear your uniforms. They look better on you than on the chair in your room.

This column has been neglected during the past few months, therefore a summary of the work done in this period is called for.

The Pack, under the skilled and accomplished leadership of Mr. E. Lyons, has done exceptionally well, and will soon be, if it isn't already, the largest boys' organization in Kelowna. The increase of the roll has necessitated the splitting of the Pack into two divisions, Division A under S.S. Wm. Ward and Division B under S.S. D. Chapman. Keen competition is held between the two divisions.

Last week Mr. Sara, of Vancouver, visited the Pack. He showed the boys several items of interest in Cub work, including some jungle dances. The Commissioner also gave us some useful hints on the subject of the grand howl.

The Patrol Competition is at present: Division A, 23; highest six; Yellows, 10; Division B, 15; highest six; Greens, 12.

PETER ACLAND, A.C.M.

1ST RUTLAND
TROOP

"Do A Good Turn Daily"

Orders for the week ending April 16th:

The Troop will parade in the Hall on Friday, at 7.30 p.m., in full uniform. In place of the usual meeting there will be the annual Scout and C.G.I.T. party, the latter taking charge of the programme and refreshments, instead of the Scouts, this year.

Another recruit, L. Graf, was added to the strength at last week's meeting, the attendance being 27 all told. Getting back into the routine of Scout work after so many weeks of rehearsals proved more difficult than was anticipated. A little sobering influence is apparently needed in one or two patrols. The addition of many new recruits during the last month or so has made the patrols unwieldy in size and has added to the Patrol Leaders' difficulty in maintaining order. Owing to exams being in progress at the schools, it was found impossible to hold a Court of Honour to consider formation of a fifth patrol.

There are still quite a few Scouts to report on ticket sales. No points will be awarded on sales that are not reported by the end of this week.

A. W. G.

It's getting spring when an automobile salesman comes around and tells you that your perfectly good car is a heap of junk and you ought to buy a new bus.

CAMERON HIGHLANDERS AT THE KING'S LEVEE

Brilliantly clad warriors still lend colour to King George's levees. Here are Major-General Neville John Gordon Cameron (left), and Captain Gilroy, of the Cameron Highlanders, leaving St. James' Palace after a morning levee.

EAST KELOWNA

The annual general meeting of the South East Kelowna Irrigation District was held in the Community Hall on Friday, April 8th. About fifty electors were present and Mr. Claud Taylor acted as chairman in a very businesslike manner.

On a question being raised as to why minutes of Trustees' meetings had not been sent to the Kelowna Courier representative, as arranged at the last general meeting, the Secretary was again instructed to mail these after each meeting of the Board.

The Trustees' report was adopted after a little discussion.

The Manager's report was next adopted, the question of installing meters on the domestic system being shelved. The Auditor's report and balance sheet offered little reason for criticism and were duly adopted. Next came discussion on the work of the Trustees and the finance of the District. To a suggestion by Mr. Grogan that every employee should be cut in wages or salary, Mr. Hart replied that the Trustees had already reduced wages but not salaries of Secretary or staff.

Mr. Grogan, seconded by Mr. Borrett, then moved in a series of resolutions that a temporary reduction in salaries should be made, owing to the financial condition of the growers.

First, a proposed reduction of 10% in wages of patrol men was lost, 13 to 18, many not voting.

Secondly, a reduction of salary of Mr. Harsent, Water Bailiff, was carried, 16 voting for this.

Thirdly, the Trustees' fees were cut in half, \$2.50 to be the allowance for each attendance at meetings.

Fourthly, a motion aiming at the removal of the office to the Bench, near the Manager's house, was lost, 22 to 9. The estimated cost was \$150, obviously omitting furniture and fittings.

A fifth motion was to reduce the salary of the Secretary to \$600 per annum, preference to be given to a taxpayer of the District. On the previous motion being lost, this proposal was withdrawn, and the Secretary's salary remains the same as before.

In moving the last effort at economy, Mr. Grogan paid a high tribute to the value to the District of the Manager, Mr. W. Affleck, but suggested that a voluntary reduction should be made in his salary.

The Manager said he had already taken a cut of \$300 and would not consider a further reduction. His stalwart stand was approved by the electors and the motion was withdrawn.

On the question of renewing the domestic system, it appeared clear that the system was in a bad state and for safety should be renewed, but the Trustees doubted the ability to finance it. Debentures would be the only way and the best cast iron pipe would cost around \$10,049 installed. This would be six-inch pipe and would double the supply of water.

On a motion by Mr. Collett, seconded by Mr. Jock Stirling, the Trustees were instructed to instal the new system as soon as the money can be raised, a general meeting, to satisfy electors, being called before starting on the scheme.

The Manager stated that the Canyon Creek irrigation water would be available next week and Mission Creek in two weeks.

On April 10th a team from East Kelowna visited South Kelowna in response to a challenge at soccer. A pleasant game resulted in a win for the home team, the score being two goals to nil. Considering their lack of practice, our boys made a good showing and another game is in view, when they hope to turn the tables.

The Women's Institute held their monthly meeting on Tuesday, the 12th inst., in the Hall. After the minutes were read and passed, various letters were read, the first being one from the Secretary of the East Kelowna School Board, enclosing cheque for \$25, this being a grant from the School Board to the Institute towards providing physical training, etc., for the school children.

A letter from Kelowna Women's Institute was read, regarding a Handicraft Exhibit which is proposed to be held in the summer or early fall, as there is no Fall Fair exhibit this year.

A letter regarding the proposed Pre-ventorium was read, and Mrs. Thorne-loc was elected as representative on the Advisory Committee.

The Secretary, Mrs. Porter, read a statement of monthly accounts and, with the money in hand, bills amounting to \$54.55 will be paid. Reports of the Shamrock Dance and children's party were read, and a committee consisting of Mrs. Moodie, Mrs. Porter and Mrs. Shaw was appointed for the gym display and dance on the 22nd inst.

Tea was served by Mrs. Evans and Mrs. Wilcox.

Patient: Before coming to you I went to Dr. Suarez.

Doctor: What silly advice did he give you?

Patient: He told me to come to you.

PLANT ROSES
NOW

FOR BLOOMING
IN JUNE

We have twenty of the best varieties for growing in the Okanagan. Prices, 50c each; \$2.00 per five. All British Columbia grown.

"Does your husband always lie to you?"

"No, some nights I'm too tired to ask questions."

A human document

"THE only things I own that are still worth one hundred cents on the dollar are my three Confederation Life Policies! How I wish that I had followed the advice of your representative, (given to me several years ago), and put more of my current earnings into Life Insurance Protection! But I was like a great many of my friends... money was coming too easily. I was making profits in the 'market' as well as in my business. True, I invested in bonds and other securities that I thought were safe and sound... but they weren't.

"All that I made in the 'market,' I lost... and a great deal more besides. Instead of being... as I thought... comfortably well off, with my family well secured against any financial contingency, the only thing that stands between them and comparative poverty, if anything happens to me, is my Confederation Life Insurance."

This is what a policyholder said recently when applying for more Confederation Life Insurance. Remember, he wasn't asked to buy more insurance. His only worry was whether he was in sufficiently good health to pass the medical examination.

Fortunately for him, he was... and with the stroke of a pen... i.e., signing a cheque for the first premium... he was able to put back into his estate a very large sum of money to replace losses due to unwise speculation.

May we suggest that you inquire immediately concerning the advantages of placing your savings in a Confederation Life Monthly Income Policy or Pension Bond? The coupon is for your convenience.

Confederation Life Association, Toronto.

Head Office Association Toronto

ELLISON

Social activities have given way to spring work in this district. Everywhere we see cultivated fields where men are busily at work preparing the ground and planting seed. Not for years, they say, has the ground been in such good condition for planting at this time of the year. Orchardists are busy finishing up the dormant spray. Every one is optimistic and doing their bit to bring times back to normal.

Ellison is again much in the public eye as the old Vernon-Kelowna road through here is again the main thoroughfare, pending repairs to the cut-off road from Reid's Corner.

Last Sunday afternoon softball players and fans turned out in goodly numbers. The Sourdoughs went down to defeat after being in the lead for some time over the Upstarts. And again

this week those who participated are aware of more muscles that they never knew they possessed.

Mr. Bob Booth kindly lent his aid and with his team levelled off the softball grounds at the school.

Mr. T. R. Hall, Inspector of Schools, inspected Ellison School last Wednesday week.

HUMAN OSTRICH

Lady: But didn't I give you a cake last week?

Beggar: Yes, ma'am.

Lady: And you are here again?

Beggar: Yes, ma'am, your cake was nothing to me. I used to be a sword swallower.

One hundred and seventy-five applications have been received for the post of outside superintendent for Penticton in charge of domestic water, irrigation and works.

WRECKAGE OF BIG ONTARIO AIRPLANE

Seven men returning to Timmins, Ont., in a big airplane from the hockey game in Toronto between the Timmins team and the Nationals, crashed in an unnamed little lake six miles southwest of Moose Lake, in the Night Hawk Lake region, between South Porcupine and Matheson. They lived in an improvised shack without food for three days and three nights until rescued. The picture shows the wreckage of the big passenger cabin plane wedged into the edge of the bush, when one of the wings cracked off and the rest of the machine, minus its landing gear, which had already gone, veered into the timber after its mad rush up a narrow ravine. Fortunately, the engine did not strike a tree, which saved the lives of the passengers, preventing telescoping and an outbreak of fire.

VERNON LOSES HALF OF ITS FIRE BRIGADE

Volunteer Firemen Walk Out In Sympathy With Deposed Chief

Following the dismissal by Mayor Prowse of Fire Chief Alex Green, deposed head of the Vernon Fire Department, half of the volunteer firemen walked out with their chief last week. The remainder, however, promised their support to Jos. Kent, assistant chief, who was appointed head of the department by the Mayor. Driver Swanson has also been dismissed by the Vernon Council with a month's pay in lieu of notice.

Former Chief Green, who had been endeavouring to secure a new truck for the past year or two, and Swanson were charged with "having made an attempt to deceive the Council" on Tuesday of last week, when they demonstrated to aldermen that the gears of the Seagrave truck, which they wished to replace with new equipment, jammed very often. After this demonstration, however, Sam Hamilton, who had reconducted the truck, mounted to the driver's seat and made the truck do what he wanted without difficulty. The fault, he said, laid with the driver and not the truck. He said that "an attempt had been made to pull off the rawest deal he had ever seen attempted," adding that of the two units in the Fire Hall, the Seagrave, with new tires, would be the better piece.

Aldermen have stated that there will be no purchase of new fire fighting equipment this year.

SELL IT THROUGH A CLASSIFIED AD.

GLENMORE

A number of old-timers met at the invitation of Mrs. R. W. Anderson on Friday, April 1st, to meet her guest, Mrs. C. Ritchie, of Langford Station, V.I., formerly of Glenmore. A happy afternoon was enjoyed. Three tables of bridge were played during the afternoon. Mrs. Ritchie is the guest of Mrs. T. M. Ryall this week.

"The Vagabonds" have been playing over CKOV on the midnight programme.

The meeting of the Glenmore Local of the B.C.F.G.A. on Friday last well merited the President's eulogies to all who helped to make it such a real success.

The debate on "Bulk Shipment of Apples," with Messrs. E. W. Ferguson and G. C. Hume taking the affirmative and Messrs. L. E. Marshall and J. Kerr, the negative, gave some interesting information. The ladies, who were the judges, decided the points were even. The committee in charge of the programme which followed were fortunate in securing Mrs. DeMara, who gave the Glenmoreites a real treat with her two contributions. Mrs. R. W. Corner gave two vocal solos, "Morning" and "Slumber Boat." Mrs. George Mounbray played a selection of her own composition and "Gray's Wedding Day." Mr. Bert Lambly gave song selections and Mr. Charlie Henderson a solo sword dance. Miss Vera Cushing contributed a pianoforte solo. "The Vagabonds" added greatly to the success of the evening, by their excellent performance of suitable and popular airs at intervals.

The President, Mr. C. Atkins, during his remarks stressed the urgency of getting 100 per cent membership of the B.C.F.G.A. and solicited the help of the ladies towards that desirable end.

Very great credit is due Mrs. G. C. Hume, Mrs. P. Ward and Mrs. C. Henderson for the refreshments and arrangement of the programme. The executive wish to thank all who contributed to make the meeting such a success.

At the Guild meeting held on Tuesday at the home of Mrs. A. Loudoun, twenty-one members were present. The next meeting will be held at the home of Mrs. Macro. Arrangements were made for a strawberry tea at the home of Mrs. Harden in June. A reading from Ralph Parlette's book, "University of Hard Knocks," was greatly enjoyed.

The annual meeting of the Glenmore Amateur Athletic Association was held on Monday, April 11th. Officers chosen for the coming year are: President, Jack Snowsall; Vice-President, Tommy Pearson; Secretary-Treasurer, Charlie Henderson; Executive, Harold Watson and Bob Morgan. The Club are trying to arrange a softball team.

The annual general meeting of the Glenmore Irrigation District is being held on Friday night. Reports and statements are in the hands of rate-payers. Mr. G. F. Bolton is the retiring trustee.

WHAT THE FOREST GIANTS CAN DO

When scientific brains are applied to the business of growing timber, the result appears miraculous. Dr. J. H. White of the Faculty of Forestry, Toronto, reports that sections of Switzerland, under expert forest management, are producing such mighty annual crops off timber as to be able to sustain Ontario's pulp and paper industry in perpetuity on the growth of just 100 townships. At present Ontario owns the equivalent of 5000 townships of timber, and the possibilities of production under an intensive programme are almost incalculable.

RUTLAND

Miss Florence Aberdeen is staying at the home of her sister, Mrs. F. L. Irwin, for the balance of the school term, and will attend the Rutland High School.

Mrs. R. B. McLeod left Wednesday for Vancouver to attend the funeral of her uncle, Mr. John McLeod, who passed away suddenly on Tuesday last.

Under the coaching of Mr. H. Thornton and Mr. A. Humphries, the school children are beginning to prepare for the Rural Schools track meet.

The Misses Doris and Mona Schell and Mr. R. M. Bird were hostesses and host for another of the enjoyable old time dances in Gray's packing shed on Friday last. Over fifty young people were present and spent a very enjoyable evening.

The annual meeting of the Rutland Athletic Club was held on Monday evening with an attendance of over twenty. A report of the year's activities showed that two baseball teams, Senior and Junior, had been maintained and four basketball teams had been in operation. Senior C, Intermediate A and B and a girls' team. Two of the latter, Senior C and Intermediate B, had been entered in the play-offs. Of all the teams in operation, the Junior baseball team had been the most successful, having won the Reach Trophy emblematic of the championship of the Kelowna district.

The Secretary-Treasurer, W. Smith, in his report, showed a gross revenue of \$308.00, with expenditures of slightly over \$300.00. There were outstanding unpaid accounts amounting to \$60.00.

Following adoption of the financial statement, the election of officers took place, the results being as follows: Honorary President, Mr. Grote Stirling; M.P., Honorary Vice-President, Mr. Wm. Hardie; President, A. W. Gray, re-elected by acclamation; Vice-President, A. F. Bach; Secretary-Treasurer, A. K. Bond; Auditor, E. Mufford. The committee, it was decided, should consist as hitherto of the captains and managers of the various teams.

A discussion of ways and means of paying the club's obligations and financing the baseball activities ensued and it was decided to leave this in the hands of the new executive to arrange whatever activities they could to aid the club funds. The number of paid-up members for the past year was 27. It was unanimously decided to continue the membership at the same figure as in past years, namely, \$1.00 per annum.

W. Smith, P. Lindahl and A. K. Bond were appointed as a committee to look into the possibility of forming a softball league in the Rutland district. Three or four teams are already in prospect.

The meeting adjourned at 10.15 p.m.

Friends of Mrs. F. D. Howes regret to learn of her serious illness, necessitating her removal to the Kelowna Hospital on Thursday last. Latest reports are more favourable and it is hoped the continued improvement will be shown.

With the final advent of fine weather, seeding operations are in full swing. A late spring, it is hoped, may mean a freedom from spring frosts. Early springs frequently bring a reaction of cold weather in May.

E. R. SCRATCH, Acting Pastor.

GUILD OF HEALTH

Weekly Scripture Study for all interested in Spiritual Healing.
I. Tim. 6: 11-16. Rom. 6: 16-end. Psalm 23. Matt. 10: 16-22. I. Cor. 12: 22-28. Rom. 8: 21-end. Eph. 6: 10-20.

As we go forward on this quest of faith we are indeed finding "our labour not in vain, in the Lord." We have many setbacks, we encounter difficulties, we are still very ignorant, we have failures, but we also do experience glorious successes. Soon, please God, we shall be able to say with the certainty of St. James, "And the prayer of faith shall save him that is sick," because we shall have come to understand the Spiritual laws that underlie the healing of the sick. There are also the Spiritual laws of Preventive sickness to be studied and, with them, all the laws of the Kingdom of God. Only by so doing can God's Will be done on earth as in Heaven.

As on a physical plane men seek by faith and work to discover the higher laws of nature, so must the Church learn to become something more than just a castle of traditions. The Church must learn to stretch out adventurous hands of faith, seeking to grasp these higher laws of the Kingdom of Heaven. Jesus, who is our example, performed wonderful miracles by the power of that Kingdom he had come to set up on earth, and has promised that we should do even greater works. Are we ever going to take Him at His word?

Madame Lacroix's delicious CHOCOLATE LAYER CAKE

¾ cup butter
1 cup sugar
2 eggs
1 teaspoon vanilla extract
1 cup milk
2½ cups pastry flour (or 2 cups and 3 tablespoons of bread flour)
3 teaspoons Magic Baking Powder
¼ teaspoon salt

Cream butter; add sugar, a little at a time, beating until light; add beaten yolks and flavoring; add flour, sifted with salt and baking powder, alternately with milk. Fold in stiffly beaten egg whites. Bake in 3 greased layer cake pans in moderate oven at 375° F. about 20 minutes. Recipe for Chocolate Icing and Filling is in the Magic Cook Book.

Why Magic Baking Powder is used exclusively at this Montreal School of Domestic Science

"We teach our students only the surest methods," says Madame R. Lacroix, Assistant Director of the Provincial School of Domestic Science, Montreal. "That's why I always use and recommend Magic Baking Powder. Its high leavening quality is always uniform. You get the same satisfactory results every time you use it."

And Magic Baking Powder is the unquestioned choice in the majority of cooking schools throughout the Dominion. Cookery teachers—and housewives, too—prefer Magic because of its consistently better results.

Free Cook Book—When you bake at home, the new Magic Cook Book will give you dozens of recipes for delicious baked foods. Write to Standard Brands Ltd., Fraser Ave. and Liberty St., Toronto, Ontario.

LAW SOCIETY OF BRITISH COLUMBIA

Notice is hereby given that at a meeting of the Benchers of the Law Society of British Columbia, held in the Benchers' Room in the Law Courts, Bastion Square, Victoria, B. C., on the 4th day of April, 1932, the following resolution was passed in accordance with section 47 of the "Legal Professions Act":—"That upon reading, at the regular quarterly meeting of the Benchers held on the 4th of January, 1932, the complaint made by Mr. Thomas A. Colfer, in the form of an affidavit, dated the 21st of September, 1931, against Mr. Rae George Ritchie, a Barrister and Solicitor of the Supreme Court of British Columbia, Mr. W. E. Burns, K.C., conducting the proceedings on behalf of the Law Society of British Columbia, Mr. H. G. S. Heisterman appearing for Mr. Ritchie, and the hearing having been adjourned until the 4th of April, 1932, Mr. Ritchie not appearing, although duly notified of said adjournment, and upon hearing the evidence adduced:

"Resolved, that after careful consideration of said complaint the Benchers are of the opinion that the said Rae George Ritchie has been guilty of professional misconduct in the premises and that he be disbarred, disqualified and struck off the Roll as a Barrister and Solicitor of the Supreme Court of British Columbia."

E. C. SENKLER, Secretary, L.S.B.C.

*Then he
remembered
how he
got that job*

The Green family were feeling the pinch of hard times. Work was scarce. They decided to have their telephone taken out because they "just couldn't afford it."

Then Bill Green remembered.

"Say, Ma, how did I get that job last week? Why they called me by telephone. And the two days' work the week before! They called me by telephone. If we let our telephone go, there won't be much chance of getting work in future. No, siree! The telephone doesn't go—it stays!"

So the Greens kept their telephone. They realized they couldn't afford to be without it.

POLICING KELOWNA

The Attorney-General of British Columbia is not consistent. On April 6th, he made it clear in the Legislature that he would not agree to the policing of British Columbia by the Royal Canadian Mounted Police, chiefly because forty-five per cent of the work of the Provincial Police was done for Provincial Government departments, and if the federal police were brought in, all that work would have to be paid for separately. Yet he is willing to enter into an agreement with the City of Kelowna to supply it with the services of the Provincial Police, who, however, will not be permitted to carry out certain duties performed hitherto by the municipal police. These duties will have to be paid for separately by the municipality, which would seem to establish a parallel case to that at which Hon. Mr. Pooley cavils so far as policing of the province by the R.C.M.P. is concerned.

The agreement entered into between the City and the Commissioner of Provincial Police contains the following clause: "The Commissioner will not be responsible for the collection of any taxes or licence fees of the municipality, nor will he assume or perform any duties in respect thereof or in respect of the keeping of any pound within the municipality."

About eight years ago the Police Commission of Kelowna became obsessed of the idea that it was beneath the dignity of the Chief Constable to collect poll and road taxes, trade and dog licences and declined to permit the City Council to continue to utilize his services in such capacity. This reads rather like a joke in view of the dignity enveloping the Chief by comparison when struggling with some besotted drunkard to drag him to the lockup, but it was the reason given in all due solemnity by the Police Commission of that day for putting the City to the expense of employing a special collector for while the Chief strolled the streets in dignity and idle grandeur. Unfortunately, the City suffered serious loss in connection with the collections, and the Police Commission of another year revoked the previous decision, so that the Chief Constable again filled in his spare time with work that brought a substantial revenue to the civic coffers at no added expense.

Apparently the Commissioner of Provincial Police shares the same idea as that of the erstwhile Police Commission of Kelowna, that it would be beneath the dignity of a provincial constable to collect direct taxes and licences on behalf of the municipality. With a general reduction effected recently in the pay of municipal employees, it is difficult to understand why the City Council has agreed to a provision that will entail additional cost in the collection of revenue.

It would be an excellent thing, we believe, if the province was policed throughout by the same homogeneous force, as far greater efficiency would result in the prevention and detection of crime, but consideration should be given to local conditions and requirements. In the smaller cities the police have few calls upon them during the day, and it is much more essential that thorough policing should be carried out at night, when housebreaking and theft frequently become rampant. Yet it seems to be the custom for most of the smaller cities to employ a larger police force on day work than at night. However, the services of the day constables are utilized to a considerable extent in the collection of revenue, and it is in this regard that the agreement made with the Province seems distinctly unsatisfactory for the City.

Another clause in the agreement reads: "All officers and constables of the Provincial Police force assigned by the Commissioner to carry out the work of policing the said municipality shall be subject to the absolute control, direction and government of him, the said Commissioner, and shall consist of such officers and constables as the Commissioner, in his absolute discretion may deem necessary to carry out the said work."

It is quite understood that there cannot be dual control, that the provincial constables cannot serve two masters, but it looks as though they will be more concerned in carrying out provincial laws and regulations than those of the City. And in January next the ratepayers will go through the solemn farce of electing a Police Commissioner to a Board that can no longer function except to make futile recommendations to the City Council.

Instead of the precipitate haste with which the agreement was rushed through the Council at a late hour, it should have been published for consideration and full discussion by the ratepayers, and a plebiscite could easily have been taken at the same time as that today on daylight saving, restricting the voting on the police question to municipal voters only.

The Police Commission was given no mandate by the electors to abandon the system of a local police force, and it would have been far more satisfactory in every way to have had the opinion of the electorate expressed by a ballot.

CLEAN-UP WEEK DATE

While the Clean-up Week Committee have had to set the date of the annual tidying-up of the city later this year, account of certain unavoidable difficulties, it is most unfortunate that the period should include the Musical Festival. It will not be very edifying for the large number of visitors to the city to have their nostrils assailed by the odour of numerous rubbish fires and their eyes treated to the sight of arrays of containers full of all manner of debris awaiting removal by the City trucks. It would be better to postpone the event a few days, so as to clear the Festival, if it is impossible to bring it off in advance and thus have Kelowna wearing its best bib and tucker for the visitors.

ORCHARD RUN

By R. M. R.

Well, are we saving daylight tonight?

MY PARTY, 'TIS OF THEE

I am indebted to the Cowichan Leader and to one Jack Kinellar for the following ode to politics, which, while telling us nothing startling new, is nevertheless a timely song.

"Political Parties are all much the same,
There seem to be certain set rules in the game.
The Government Members will rise and deplore
Mistakes of the Party in power before;
And any old measure, no matter one whit,
Is crazy to Tory, if sponsored by Grit.
The bright Opposition, with unction and charm,
Will stand in their places and view with alarm
All things that the Party in power has done,
Obstruct every mortal thing under the Sun;
And 'tis often the case, the plan they deride,
Is something that they would have sponsored with pride.
For Party advantage, they scheme and debate,
The needs of the Country can very well wait;
And so all the members, in tedious procession,
Waste time, and Election Talk, during the session."

NEED AN APARTMENT?

A comfortable cooler for lawless ladies has been erected in the big and hick town of New York. According to newspaper reports, the frantic female must shoot her husband or toss an offspring or two in the Hudson River before she is eligible for confinement in this prison palace, where the view is said to exceed in its magnificence that enjoyed by the most lordly penthouse dweller.

There may be a plethora of husbands and a population beyond the saturation point in those United States, but the real danger lies in filling the guest rooms of the imposing edifice in question with women who have no husbands or children of their own to commit to eternity. Consequently, to secure a neat little apartment at the expense of the state, they must take aim at other women's husbands and kidnap the kids. And if his insurance is not paid up, and other woman may find a live spouse preferable to a dead one. Such incidents are not unknown.

Modern decencies are preferred to the squalor of the prisons of yesterday. But jails should not be made inviting to the extent of encouraging crime.

REDISTRIBUTION

The joker in this much-discussed (and cursed) bill before the Provincial Legislature is that, after two or three readings have been amalgamated or extended to include in one the territory covered by two, the Legislature is reduced by exactly one. In the "pruning" process a new constituency sprang into being, and it appears that we are lucky indeed that redistribution did not make our government and the opposition more top-heavy than it is at present. Back of the agitation by the people for redistribution was the desire to effect economy and a consequent decrease in taxation, but the people, poor souls, got exactly nowhere. Excessive taxes, like tempests, must go on.

This matter of redistribution (a better term is reduction in the literal sense of the word) should be pressed much further in the federal as well as in the provincial house. Canada, with her 10,000,000 people, has a governing body large enough to administer the affairs of ten times that number. We are over-governed to the point of exasperation—and we are required to pay for it and like it. Or we are expected to like it.

Partisanship seals the fate of the redistribution that is desired, even if it is admitted that party politics is not without its good points. Where, oh where, can a government be found that, after being elected to office, will proceed to throw out a sizeable proportion of its own members and those of the opposition to reduce the burden of the people?

A lot of soft jobs will have to be created before that day arrives. And then—let us weep!—where do the salaries come from for those philanthropic appointments?

A blaze spreading from a rubbish fire nearby endangered the garage on the premises of Mr. C. E. Scrim, Royal Avenue, shortly after 6 p.m. yesterday, when the Fire Brigade were summoned to the scene. The blaze spread underneath the floor of the building and was breaking out round the sides when the firemen arrived to extinguish it. Practically no damage was done.

Fumerton's 95c Days

FRIDAY, April 15th, SATURDAY 16th, and MONDAY 18th

BELOW ARE LISTED A LIMITED NUMBER OF OUR MANY BARGAINS

CITY ADOPTS POLICING BY PROVINCE

(Continued from Page 1)

ruling as to the eligibility of voters on the daylight saving plebiscite. They stated that the people of Woodlawn, who were outside the city limits but within the City School District and therefore paid school taxes, desired to vote, also people who held land in town but resided outside, or paid some form of municipal licence but resided outside of the City. The Aldermen suggested that the Kelowna School District be taken as the area for adult residents to vote and that all adult residents outside that area who pay city taxes or licences be also eligible.

This suggestion met with the approval of all and was adopted. Mr. Parkinson said it was the desire of the Committee to get out as large a vote as possible, whether in favour or against the proposal, and all possible publicity was being given.

No Air Meet Here
A letter from the Aero Club of B. C. advised the Council of the proposed B. C. Air Tour, in which approximately twelve aircraft of various types would visit various towns in southern B. C. during July. The offer was made to visit Kelowna. If the Council would provide accommodation for two days and two nights for the personnel of the tour, supply gas and oil and set aside 25 per cent of the paid admissions for the tour. With twelve machines, the tour personnel would not exceed thirty and the amount of gasoline required would not exceed 400 gallons. There would be two sources of revenue from which the Council could raise funds to defray the cost of the tour. The sale of admission tickets to the flying field and a percentage of the receipts from passenger flights, for which the plane would be available at \$3 per person. During Vernon's three-day air pageant last year 600 passenger flights were made and 3,000 admissions were paid. After considering the matter in committee on April 4th, it was reported that a reply had been sent to the effect that the Council was of the opinion that the population of the Okanagan Valley did not warrant each town therein participating in such aerial activities, and that an attempt to do so would result in financial loss to all concerned. For this reason, the Council had decided to request the Kelowna be not included in the itinerary of the proposed aerial tour in July.

Interest On Early Payment Of Taxes
By-Law No. 580, providing for the acceptance by the Collector of the Corporation of the City of Kelowna of moneys to be applied in payment of taxes for the year 1932, and to pay interest on all such payments made prior to the first day of September, 1932, at the rate of 5½ per cent per annum, from the date of such respective payments until the tax penalty date on 19th October, 1932, was introduced and was given three readings.

Poundkeeper's Report
The monthly report of the Poundkeeper, Mr. J. Powick, showed only one dog impounded during March. The canine, which was not claimed, was sold for pound fees of \$2.00.

Approval Of Plan
A plan of part of Lot 46, R.P. 202, submitted by the executors of the estate of the late D. W. Sutherland, received formal approval by resolution.

The City Clerk was instructed to issue a new cheque for an amount of \$1,000 to Kelowna Motors, Ltd., in voluntary liquidation, to replace a cheque declared to be lost and payment of which has been stopped.

Grant In Aid Of Mosquito Control
A letter from Mr. H. V. Craig, President of the Kelowna District Mosquito Control Association, to Ald. Trench, chairman of the Parks Committee, recalled that the Association had suggested several years ago to the City that a grant be made sufficient to take care of its operations both inside and outside the city limits, which would have obviated the need of canvassing the citizens for subscriptions and would be in line with the plan adopted at Kamloops, where the work of mosquito control was financed by a grant from the City of Kamloops and no effort was made to collect subscriptions. Subsequently it was suggested that a smaller

grant be made which would obviate to a certain extent the need of voluntary help. Both these requests had been refused by the Kelowna City Council. Apart from these considerations, the Association had felt for some time past that more effective control could be obtained by having the work, both inside and outside the city, done by the one organization. They had succeeded in converting the City Engineer to their point of view and last year had worked in conjunction with him, carrying out quite a lot of work within the city limits at the expense of the Association. Every year the Association had done just as much work as funds available would permit. They expected 1932 to be a heavy year, owing to the probable large run-off, and every area covered with water would have to be treated.

Upon the recommendation of Ald. Trench, a resolution was passed making a grant of \$75 to the Association, on the understanding that it shall do the mosquito control work within the city for the year 1932.

Adjustment Of Raymer Burial Plots
By resolution, it was decided that the remains of the late H. W. Raymer, first Mayor of Kelowna, be removed to Lot 72, Row 21, those of his son Harry to Lot 70, Row 21, and those of Baby Chaplin to Lot 67, Row 21, in the Kelowna Cemetery, free of charge, also that licences covering Lots 68, 69 and 71 be issued to Mrs. H. W. Raymer free of charge, the lots made vacant by the said removal to revert to the City.

Electric Works Regulation By-Law
By-Law No. 579, being the Electric Works Regulation By-Law, was reconsidered, finally passed and adopted. Asphalt For Park Tennis Courts
Ald. Trench reported in favour of asphaltting the tennis courts in the City Park, which would make a permanent job and would reduce greatly the present cost of maintenance.

The matter will be taken up later. A large volume of routine business of minor importance was also dealt with, prolonging the session, as stated, to near the midnight hour, when the Council adjourned until Monday, April 25th.

SILVER REGATTA SECOND IN RECEIPTS

(Continued from page 1)

and tenders for this purpose have been secured by your present directors. A lease has been completed with the City of Kelowna by which, in return for abandoning the repurchase clause, they have undertaken to make a grant of \$750.00 a year, this grant to be applied to the wages of the caretaker, and if at any time the City withdraw this grant your Association is no longer compelled to furnish a caretaker but must allow the City to place a man on the premises for this purpose.

"The free age limit has been reduced to twelve years and children under that age are only allowed bathing facilities from 9 a.m. to 11.30 a.m. and 2 p.m. to 5 p.m. The covenant allowing your Association to close the Park for the two days of the Regatta still stands, and an annual rental of \$5.00 per year was agreed upon. This lease is for five years and is subject to fifteen years renewal in three periods of five years. The City has also released your Association from the paying of rates and taxes, excepting those for light and water.

"His Honour the Lieutenant-Governor, J. W. Fordham Johnson, owing to the fact that his inauguration took place shortly before the Regatta, was unable to be present. However, he kindly lent his patronage.

"The activities of the Kelowna Rowing Club, which is so closely allied with your Association, hold considerable interest for the past year. They became members of the North Pacific Association of Amateur Oarsmen and competed at Burnaby Lake in the Men's Junior and Senior Fours, using the shell donated last year by Randolph Bruce,

LAKESHORE HOME FOR SALE

Situated at Okanagan Mission on a beautiful lakeshore lot with natural birch and willow trees and lovely gardens.

This house has been built only four years and is fully modern in every respect. The whole property is offered for less than the actual cost of the house and presents a rare opportunity to acquire lake frontage.

Your Children

will thrive on
Christie's pure
Arrowroots

For the tiniest babies . . . for older children . . . for growing boys and girls . . . there is nothing more delicious and nourishing than Christie's Arrowroots. No substitute is good enough.

Christie's Arrowroots

Esq. A girls' crew was also sent down at the request of the Vancouver Rowing Club, and I take special pleasure in recounting their victory, which they repeated at our own Regatta in August. The boys' crews were the victims of misfortune at Burnaby Lake but their showing in August, in spite of the loss of two of their regular members, was extremely praiseworthy as they were only just defeated by Vancouver and finished considerably in the lead of Victoria. In this connection, I would like to pass on a word of warning to our successors. The senior race might easily have ended in a tragedy as the boat capsized with the crew too exhausted to do anything to save themselves, and it would be well in future years to see that a launch is stationed at the finish of the course in readiness for such a contingency.

"A coach boat was acquired last year from the Vancouver Rowing Club and, although it was only lent, it has proved of great value and is well worth the money which has been spent upon it by the Rowing Club to put it into condition. The Rowing Club also purchased eight new oars from Ayllings, Putney, and their equipment is now fairly complete, though the lapstreaks require stripping and a thorough overhauling if

Annual General Meeting

The Annual General Meeting will be held in the Glenmore Schoolhouse, on April 15th, 1932, at 8 p.m.

Notice of Election

Nominations for one Trustee of Glenmore Irrigation District will be received by the Returning Officer in the Board Room of the District, on April 16th, 1932, between the hours of 2 and 3 p.m.

Court of Revision

A Court of Revision of the 8th Assessment Roll of Glenmore Irrigation District will sit in the Board Room of the District, on April 16th, 1932, at 2 p.m.

W. R. REED,
Secretary to the Trustees. 35-2c

BEES FOR RENT

For Orchard Pollination. 5 colonies for \$20 10 or more colonies, \$3.00 per colony.

Local and Personal

City fire hydrants were given their spring coat of bright red paint this week.

Miss B. Pugh left on Tuesday for Salmon Arm, where she will spend a few days.

Mr. and Mrs. John F. Burne, who spent the winter in Honolulu, returned home this week.

Mrs. L. Parret and Mrs. V. White, of Vancouver, are guests this week of the Mayfair Hotel.

Mr. John Hanlon, of Seattle, is registered at the Mayfair Hotel while visiting friends in the district.

The interior of the Post Office was brightened up last week with applications of paint and varnish.

Mr. G. D. Buck, of Leeds, England, who is making a tour of the valley, is registered at the Mayfair Hotel.

Mrs. J. B. Carter and daughter Shirley, of Winnipeg, are spending the summer with Mrs. Carter's sister, Mrs. G. A. McKay, Pendozi Street.

Mr. L. R. Simmons, local representative of the Canadian Public Service Corporation, Ltd., left yesterday for a business visit to Vancouver.

Charged with common assault, a local man was arraigned before Magistrate T. F. McWilliams in the City Police Court last week, when he was fined \$5 and costs of \$1.75.

Mrs. A. Kemble, and grandchildren, Betty and Andrew Jukes, of Vancouver, who had been guests at the Willow Inn for the past two weeks, returned to the Coast on Saturday.

On Saturday, at 12.45 p.m., the Fire Brigade were summoned to the home of Mrs. K. A. Coubrough, Sutherland Avenue, following the outbreak of a chimney fire. No damage was done to the premises.

A fine of \$25 or one month in jail was imposed upon a local Indian by Magistrate J. F. Burne in the City Police Court on Tuesday. The Indian was found guilty on a charge of being in possession of liquor.

Miss Joyce Hayman gave an organ recital in Penticton United Church on Tuesday evening of last week. The Penticton Herald says: "There was a peculiar charm about the young organist's interpretation of the various numbers on the programme, a something elfin that defied definition."

Mr. J. B. Spurrier has been advised by telephone that the roads leading into the Adams and Little River vicinity are now in fairly good shape, good news for fishermen. Messrs. F. Pridham, R. Stirling and Jack Cummings returned from Little River last week, where Mr. Pridham, who was high man, landed a seven-pound beauty with the fly.

Mr. A. R. McFarlane, Manager of the British Columbia Automobile Club, of Vancouver, was a visitor to the city this week. A prominent Rotarian, he attended the weekly luncheon of the Rotary Club in the Royal Anne Hotel on Tuesday, when he spoke briefly on the "On to Seattle" slogan, which refers to the international convention to be held in Seattle late in June.

The engine of the Kelowna-Westbank ferry is now undergoing an overhaul, consequently her motive power for the week consists of a tug. On Tuesday the schedule was changed to operate at two-hour intervals, as follows: Leaves Kelowna at 8 a.m., 10 a.m., 12.15 p.m., 2 p.m., 4 p.m. and 6.15 p.m. Leaves Westbank at 8.30 a.m., 10.30 a.m., 12.30 p.m., 2.30 p.m., 4.30 p.m. and 6.30 p.m. This schedule is effective for one week.

Mr. Tom McInnes, of Vancouver, until lately a resident of Canton, China, will address the Canadian Club at a dinner meeting to be held in the Royal Anne Hotel on Thursday evening next. Mr. McInnes has first hand knowledge of conditions in China and the situation as it now exists between China and Japan. He is well qualified to give some idea of the possibilities of vast trade between Canada and Manchuria, in addition to imparting information of a very interesting nature as to the fundamental cause of the differences between China and Japan.

NOTICE

The BOB-IN HAIRDRESSING PARLOUR will be closed Friday, April 15th, 2.30 p.m. Re-opened Monday, April 18th, at 1 p.m. DORIS EVERETT Phone 609-L1 36-1p

GENEROUS RESPONSE TO HOSPITAL EGG WEEK

Number Of Donors Far Exceeds Any Previous Year

The Board of Directors, Matron and staff of the Kelowna Hospital wish to thank the public for the wonderful response made to the annual Egg Week. The number of people who have given this year far exceeds the record of any one previous year. While the Hospital is going through such a difficult time, it is a matter of great encouragement to those who are shouldering the burden to find so many friends who appreciate the work the Hospital is doing for the community and who, while unable to help in a big way, have responded to this appeal.

The total acknowledged herewith in dozens totals 352½ up to Monday, April 11th. Eggs received after that date will be acknowledged next week.

Mrs. H. A. Ayar, 3½; Mrs. R. S. Hall, 3; Mrs. W. Read, 6; Mrs. MacLaren, 7; S. Tereok, 4; Mrs. Davy, 2; M.E.H.G., 5; Mrs. C. A. Campbell, 12; Mrs. Maude Roxby, 3; B. Melver, 12; A. V. Surtees, 3; A. McLaughlan, 12; Miss R. A. Goodacre, 6; Dr. B. F. Boyce, 6; Mrs. A. K. McMillan, 5; Mrs. A. C. Barton, 2; Mrs. A. L. Cross, 4; Geo. Rayner, 3; Miss R. Judge, 2; Mrs. O. Hemming, 2; Mrs. C. Joyal, 5; Miss M. Crichton, 4; Mrs. Lawson, 5; Mrs. F. Bell, 12; F. Bell, 12; Mrs. D. G. Stiehl, 8; Miss Janet Johnston, 4; Harry Kobayashi, 7½; Mrs. Ben Hoy, 5; Anonymous, 10; Mrs. Pearson, 5; Mrs. C. Black, 4; Mr. McLellan, 6; W. Brough, 6; T. Burch, 6; Mrs. G. D. Cameron, 5; Mrs. J. Luckett, 3½; Miss Anna Gavin, 3; Mrs. W. MacDonald, 7½; Mrs. G. Schofield, 4; Hardie's Store, 6; C. W. Cape, 4; Mrs. Hall, 2; Mrs. J. Galbraith, 10; No Name (per A. W. Lehman), 7; Mrs. O'Reilly, 2; Mrs. Isaac Kerr, 11; Miss Turnbull, 4; Mrs. Stewart, 4; Miss M. McDougall, 4½; Mrs. Jas. Luckett, 3½; Mrs. Geo. Allan, 4; Mrs. R. Sloan, 3; D. Culos, 1; Mrs. H. Preston, 4; Mrs. G. Rothwell, 5; Mrs. Cameron, 2; Mrs. Flindens, 3; S. Kinishita, 3; Arthur Lemon, 2; L. E. Marshall, 9; Bestway Groceries, 5; Gordon's Groceries, 10; Mrs. Noble, 4; A. L., 2; No Name, 3½; Pails of Grade VIII, Okanagan Mission School, 13.

THE CIRCUS LADY AND THE MINISTER

Marion Davies And Clark Gable Head Cast Of "Polly Of The Circus"

The dramatic story of an attractive but "hard-boiled" circus performer who falls in love with a modern young minister brings Marion Davies to the Empress screen in "Polly of the Circus", talkie version of the Margaret Mayo stage success of some years ago. Clark Gable, most sought-after man of the screen today, plays opposite Miss Davies, and prominent supporting roles are filled by C. Aubrey Smith, Raymond Hatton, Guinn Williams and others.

With Miss Davies and Gable in the leading roles, excellent entertainment is offered by this picture for Friday and Saturday.

"Wayward"

"Wayward," the showing for Monday and Tuesday, co-features Nancy Carroll, Richard Arlen and Pauline Frederick, three cinema stars of notable achievement and popularity. The picture is based on the novel called "Wild Beauty" and presents the theme of a persecuting mother-in-law (Pauline Frederick), who thinks her son's wife (Nancy Carroll) is quite unworthy of the affection of her darling boy (Richard Arlen). However, everything turns out all right in the end for all except the aristocratic mother-in-law.

"Charlie Chan's Chance"

An intensely gripping mystery melodrama, "Charlie Chan's Chance," will be seen and heard at the theatre on Wednesday and Thursday. Warner Oland, supreme in Oriental characterizations, appears as Charlie Chan, the famed Chinese detective from Honolulu. The lovers are Marian Nixon and Alexander Kirkland. Others in the cast include H. B. Warner, Linda Watkins, James Kirkwood and Ralph Morgan.

The story details the newest adventures of Charlie Chan, this time in a New York setting, where he finds himself studying the police methods of that city. A murder is committed and the murderer is finally revealed in a dramatic climax.

Col. G. O. Fallis, O.B.E., of Vancouver, addressed a meeting in First United Church last night on "Europe as I see it today, and the Dominion depression," a full report of which will be published next week.

Pictures of Canadian wild life will be shown under the auspices of the Canadian Club in the Empress Theatre on Saturday morning, when school children will be admitted free. These all-Canadian films are entertaining and educational.

Keen interest is being evinced in the poll today upon the question of daylight saving. Up to 12.30 about 325 persons had voted since the poll opened at 8 a.m., and if the same rate of voting is maintained, the total will be about 1,000. The polls close at 7 p.m., and it will probably take over an hour to count the ballots.

Many friends in the city and throughout the Okanagan will learn with regret that the respected pioneer, Mr. John Casorso, who is eighty-five years of age, is suffering serious impairment of health, due to heart trouble. Of rugged constitution, Mr. Casorso until recently was exceptionally vigorous for a man of his age, and it is hoped that he may yet make a recovery from his ailment.

SILVER REGATTA SECOND IN RECEIPTS

(Continued from page 1.)

their life of usefulness is to be extended to the maximum. The new boat-house recommended in my report of last year has been started and should do much to increase the membership of the Rowing Club, hence your Association, and preserve the condition of the equipment.

"The 25th Annual Regatta, more commonly known as the Silver Regatta, proved a huge success. There was a record attendance as shown by the large increase in the gate receipts, and the innovation of the Queen Contest and the wrestling bout proved most successful. It is hoped that future Regatta Committees will see fit to continue the Queen Contest and include in the attractions of the Regatta as many varied amusements as is feasible, for there is no doubt that the wider the range of activities the wider the appeal.

"The gross receipts from the Regatta have not been equalled in the history of the Association since its inception, barring the occasion of the visit of the Coldstream Guards Band, and I take this opportunity of thanking the members of the Regatta Committee and those connected with the Queen Contest for the wonderful work they did.

"Your Secretary informs me that he received many congratulatory letters from visitors to Kelowna during the Regatta. I would also like to thank the Vancouver Province for the wonderful publicity they so kindly gave us in their Sunday Supplement, and I feel that I am safe in saying no other organization in the Okanagan Valley brings the publicity your Association does at its annual Regatta.

"In conclusion, I have great pleasure in expressing my heartfelt thanks to my co-Directors for their splendid support during the season and their unstinted endeavours towards a successful Regatta. I would also like to thank the Ladies Hospital Auxiliary and the other organizations and individuals that made the Midway so successful."

Before adoption of the report was moved by Messrs. P. Tempest and H. F. Chapin, and carried, the President remarked that it had been his intention to nominate Vice-President E. M. Carruthers for the chairmanship, but Mr. Carruthers was of the opinion that he should not accept the presidency as long as his son was secretary. Mr. MacLaren had therefore to reluctantly withdraw the name of Mr. Carruthers, whom he felt should be the next President, and nominate no one.

Prior to the reading of the Secretary's report copies of the balance sheet and accounts were distributed.

Asked to give particulars of the new construction now going on at the Aquatic Pavilion, the chairman said that a two-story building was being erected at the east end of the Pavilion for the accommodation of boats and for use by the Kelowna Rowing Club as a club house. Tenders for this construction were called for last year, and the contract was awarded to Mr. Bennett, whose tender of \$1,161 was considerably lower than any other submitted. Perhaps the committee had erred in not again calling for tenders this year in view of the fact that lumber was now cheaper, but because the tender accepted was so much lower than the others the Directors did not think such a step was necessary. They acted in the best interests of the Association and did not know where the lumber would be purchased by the contractor.

The Secretary pointed out that the contractor receiving the work was the only one willing to contribute a portion of the cost to help finance the construction, and that the small difference in the price of lumber now as compared with last year would be made up in extras.

Secretary's Report

The Secretary's report, adoption of which was moved by Messrs. Collett and Spurrier, was read as follows:

"In submitting the annual balance sheet of your Association, I particularly desire to draw your attention to the following points:— 1931 being the Silver Regatta, your Directors decided that it was necessary to put forward every effort to make it a gala year and consequently the expenses show higher than the previous year. However, the fact that your Association finished the season with a balance of \$454.51 in the savings account proves that your Directors were right in "taking the bull by the horns."

"Operating Account.—With reference to the balance sheet now submitted to you, I would particularly like to point out the \$430.50 spent on repairs and maintenance. The majority of this includes the building of the fence, which should pay for itself in a very short time, as it has effectively put a stop to liberties taken by that portion of the public that had neither the intention nor the decency to support the Association by the purchase of membership tickets, but who continually used the facilities provided to the exclusion of revenue-producing members. "Expenses proved very little in excess of the previous year, and there is \$28.65 included in the interest account

Values That Demand Early Shopping

Polo and Tweed Spring Coats

Amazingly Low Priced

\$10.95

There are 15 only of these smart Coats made of Donegal Tweeds, Polo Cloths and plain Velour materials. Some have fur trimmed collars, made of good quality materials and styled right. They will not last long at this price, so be on hand early.

Colourful knitted wool two and three-piece Sport Suits, ordinarily up to \$23.75. NOW ONLY \$10.95

Some of these are imported Scotch and English suits, made to fit well and not sag.

The price does not give you any idea of the value in these garments—you must see them to appreciate their true value.

which was interest and penalty paid to the City of Kelowna on 1930 taxes.

"Dances showed a loss of \$325.75, which is naturally accounted for by the fact that the general public were excluded from the Saturday night, as well as the Wednesday night dances. The wisdom of this policy is shown by the increase in membership.

"A grant of \$750.00 was made by the City to pay the wages of the Lifeguard, and sundry wages amount to approximately the same as in the previous year.

"A grant of \$415.00 was made by your Association to the Kelowna Rowing Club to enable that body to send the girls' crew to the N.P.A.A.O. Regatta. \$250.00 of this grant went for current expenses in connection with repairs done to the rowing equipment and the wages of a coach. A commission of \$37.55 was paid on tickets sold by agents other than the Secretary, and \$282.65 composed of accounts payable in 1930, for which your Association had not the funds at the end of last year, was paid your various creditors.

"I regret to report that there was a falling off in the receipts of both bathing and boat hire, which was partly due to the economic conditions prevailing, and partly to the weather.

"Tickets show an increase of \$465.60, but the number of shareholders that become members still remains very small and a number of the tickets issued had to be cancelled as the holders failed to pay for them. This was to be expected as a very intensive drive was made and quite a number of tickets were given

These corn flakes are guaranteed

BEHIND every package of Kellogg's Corn Flakes is the personal guarantee of W. K. Kellogg: "If Kellogg's aren't the finest and freshest corn flakes you ever tasted, return the empty package and we will gladly refund your money."

For 25 years Kellogg's have stood as the standard of value. Made with a delicious flavor and crispness no others can duplicate. Packed by a method that assures oven-freshness. A completely sealed inside WAXTITE bag—which is a patented Kellogg feature.

Kellogg's are economical, convenient, delightful. Remember that where substitutes are offered, it is seldom in the spirit of service. Demand genuine Kellogg's in the red-and-green package. Made by Kellogg in London, Ontario.

LETTERS TO THE EDITOR

A HOME MARKET FOR CANADIAN FARMERS

Mission, B.C.,
April 7th, 1932.

To the Editor,
Kelowna Courier.

Dear Sir,

As a twenty-dollar suit of clothes weighs only a few pounds, it can be sent thousands of miles for a few cents if in bulk with other dry goods. This is typical of the comparatively small cost of transporting factory goods and, therefore, British manufacturers favour overseas trade.

But, with farm crops, the case is very different. The farm crops of British Columbia are mostly vegetables, fruit and salads. A dollar sack of potatoes weighs a hundred pounds and, as its freight to Europe would be several dollars, British Columbia potatoes cannot be sold in Europe, nor can other B.C. vegetables, owing to cost of transportation. Perishability, too, prevents British Columbia small fruits and salads from being sold overseas. Some B.C. apples have been sold in Europe, but the returns are not good. With these conditions, there is much distress among British Columbian farmers. Many farmers, to my knowledge, have been ruined and starved off the land by having no sale for their crops overseas and no local markets.

Farmers on the Canadian prairies have similar troubles. Prairie products are mostly grain and cattle. A dollar's worth of wheat, at present rates, weighs about eighty pounds and cost of transporting Canadian wheat to Europe usually raises the price above that of wheat grown in Europe. Such is the case, too, with cattle and other prairie produce. For this reason, Canadian prairie crops, as a rule, cannot be sold in Europe in competition with such goods produced in Europe. This is proved by many years of poor results for prairie farmers with overseas trade.

Thus, with the farm crops of British Columbia and the Canadian prairies, overseas trade with Europe is unprofitable through costs and troubles due to long distance. As western farmers cannot sell their crops by overseas trade, they cannot buy the factory goods sent to Canada from England. That hinders production of such goods in England and causes unemployment and poverty there by depression in trade. These troubles are because western farmers cannot sell their crops by overseas trade.

What should be done? How could western farmers sell their crops? As their trouble is long distance to market, they need short distance to market, like that of European farmers who sell their crops at towns near their farms. Farmers in western Canada could easily sell their crops if factory people were working in towns in western Canada among the farms. The factory people could buy the farm crops and the farmers could buy the factory goods.

That plan should be adopted. The Canadian Government should induce manufacturers to put factory towns in western Canada among the farms. The present troubles are because the Canadian Government did not do that years ago. When giving free homesteads to farmers in western Canada, the Government should also have given free factory sites to manufacturers to put factory towns among the farms like the market towns of Europe. As that was not done then, it should be done now.

In colonization, free land should be given not only to farmers but also to manufacturers because colonial farmers cannot sell their crops without factories and market towns among their farms. "Back to the land" is misery without local markets. Overseas trade with farm crops is a poverty making delusion which is ruining the farmers. As the farmers cannot sell their crops by overseas trade, market towns should be put in western Canada by immigration of many factory people from Europe. The factory people must be there to buy the farm crops to enable the farmers to buy the factory goods. Canadian markets for Canadian crops.

Canada is said to have spent thirty million dollars last year on relief work. Allowing thirty thousand dollars as capital for a factory, thirty million dollars would establish one thousand new factories. That would be much better use of the money as those factories would give regular employment to thousands of men and would be good local markets for farm crops.

The establishment of factory towns in western Canada to be markets for farm crops while supplying factory goods is the remedy for the depression in trade and the means of prosperity in the future. It is "prosperity round the corner." It is money in your pocket-book and a balance at the bank. Try it and then say, "Thank God for better business. We should have done this years ago."

Factories For Western Canada
Canadian Markets For Canadian Crops!

Yours truly,
JAS. PHILBERT.

EX-AMBASSADOR'S DAUGHTER

Miss Virginia Dawes, daughter of the former U.S. ambassador to England, Charles G. Dawes, is shown above upon her arrival at New York. She returned from studies in Paris to attend the wedding of her cousin to the son of Sir Josiah Stamp.

WANTS REFERENDUM ON PROVINCIAL POLICING

Kelowna, April 12th, 1932.

To the Editor,
Kelowna Courier.

Dear Sir,

I understand that at the City Council meeting on Monday, April 11, they decided in favour of the Provincial Police.

I should like to ask why the ratepayers were not allowed the privilege of voting for same? Also what reason has our worthy mayor of being so strongly in its favour? Is it solely on account of the Provincial Police alone?

Now, ratepayers, get together and protest and insist on your right to vote and don't let a handful of men slip it over you.

Remember, it is our town and how other towns have soon got tired of other than their own city police.

Thanking you for a space in your paper, I am,

Yours truly,
EDITH THOMPSON.

ROD AND GUN CLUB DESIRES MORE MEMBERS

(Continued from Page 1)

fifty cents, Mr. Spurrier said that it was not so much the fee but the moral support of all sportsmen that was needed and, at fifty cents, the club could get two hundred members.

Mr. J. N. Cushing, who seconded the motion, declared that he would rather see two hundred members at fifty cents than one hundred at a dollar.

Mr. F. W. Groves was of the opinion that the amount of the fee made little difference in ordinary times, but it might be advisable to make a reduction at the present time.

The motion carried on a show of hands. Capt. J. H. Horn suggested the appointment of a campaign committee to enlarge the membership.

Mr. J. A. S. Tilley asked why members were not advised of meetings before hand, to which the Secretary replied that cards were mailed to all members in advance of that meeting.

Mr. Tilley and several others stated that they had not received the cards.

Election Of Officers
Election of officers was the next business on the agenda.

For the presidency, Mr. Hugh Kennedy was nominated by Messrs. Pridham and Cushing, and was declared elected amid applause. He took the chair immediately after his election.

It was not so easy to elect a Vice-President, however. Nominations were heard in the following order: Charles Hawes, F. W. Groves, J. Brydon, Game Warden Maxson, Col. Carey and T. Wadsworth. All refused except Mr. Wadsworth, who was declared elected.

Mr. Hoy was re-elected Field Captain for the year. For the committee of six the following were nominated and subsequently declared elected: Messrs. Spurrier, Bert Johnson, W. Spears, J. Conway, J. Horn and R. Stirling.

Mr. Pridham, who declined nomination for the committee, was elected Honorary President, amid applause.

Nominations for Secretary elicited the following names: F. Lucas, H. C. Francis, Roy Hunt, Charles DeMara and C. Hawes. All declined except Mr. Lucas, who was applauded as he took over the duties of Secretary.

Fly Casting Competition
Introducing for discussion, the fly

OKANAGAN MISSION

The Jumble Sale, organized by the ladies of the Parish Guild, passed off very well on Thursday afternoon last. Taking into consideration the present financial situation, the proceeds from the Sale were considered very satisfactory. There is a wringer still to be disposed of, if a customer can be found. The raffles were won by four local ladies, Mrs. Apsey receiving the tea-set, Mrs. Frederickson an upholstered box, Mrs. Ivens a flowering plant, and Miss Hill (who is staying with Miss Stewart) a cushion.

Mr. H. C. Dunlop has been awarded the certificate given by the Okanagan Branch of the British Columbia Dairy-men's Cow-Testing Association for their butterfat competition. In this high-low competition records are kept throughout the year of the yields of milk and butter-fat from the two lowest producers in each herd, and the prize goes to the man whose two cows obtain the highest standing on this basis. "Chloe" and "Buttercup," of Okanagan Mission, produced between them 12,249 lbs of milk and 446.7 lbs of butterfat, and presented their owner with the above distinction.

By way of "doing a good deed" the school children at the Mission organized an egg-collection amongst themselves, and on Monday last, the juniors and seniors together raised about 160 eggs, which were packed by some of the senior girls and despatched as a gift to Kelowna Hospital.

Mr. H. B. Thom has returned from his winter visit to relatives in California.

Mrs. Baldwin, sr., is returning home from Victoria this week.

Mr. and Mrs. Faulconer have a new baby.

Orchard spraying has begun, so the ranchers' season may be said to have opened.

WESTBANK

Miss Barton's many friends will be glad to hear that she is making good progress after an operation for appendicitis at the Kelowna Hospital last week.

Mrs. Harold Ewer, of Vernon, and family are visiting Mr. Moffat, the former's father-in-law.

The Misses Sloan, of Kelowna, are spending a vacation with the Hewletts.

Miss Audrey Hooper was the guest of Miss Jessica Paynter on Wednesday and Thursday. Miss Hooper, who is in training at The Royal Jubilee Hospital in Victoria, was spending her three weeks holiday enjoying the Okanagan Valley. She will return to her duty with a wish to be back in the sunny Okanagan.

Miss Jessica Paynter entertained a party of young people at the Paynter home on Wednesday evening in honour of Miss Hooper.

The Community Club held a military whist drive in the Hall on Friday night. A jolly crowd attended, filling nine tables, two tables being visitors from Peachland. The first prizes were won by Mrs. W. Brown, Miss Jean Brown, Mrs. John Drought and Mr. Teddy Drought; while the booby was given to Misses Gladys and Winnie Hoskins, Mr. Clarence Mackay and Mr. Frank Jones.

Supper was served by the Amusement Committee and afterwards the local musicians played for a short dance. The sum of \$12.65 was collected for the Hall Fund.

The Misses Allen are spending a vacation with Mrs. I. L. Howlett.

The annual meeting of the Westbank Irrigation District took place on Thursday evening in the Community Hall, with Mr. W. B. Gore in the chair. The Secretary-Treasurer, Mr. A. J. Oliver, read the minutes of the last annual meeting and the financial report, which passed.

Mr. A. H. Davidson was elected as trustee in place of the late Mr. C. T. Garraway, and Mr. W. H. Hewlett was re-elected for another term of office.

Mr. W. B. Gore moved that the Secretary write a letter of sympathy to the sons, Jack and Arthur, of the late Mr. Garraway.

After a discussion of the lowering of wages, it was decided to leave the matter in the hands of the Trustees.

casting competition, Mr. Kennedy said that the date should be set at the meeting and an effort made to get a gang out this year.

Mr. Spurrier suggested that the event be held at Beaver Lake this year about the middle of June. He would see that there were sufficient boats available on the day set, and members could enjoy a real picnic. He favoured Sunday.

OKANAGAN COW-TESTING ASSOCIATION

Butter-Fat Results For The Month Of March

The cows in the following list of the Okanagan Cow-Testing Association's test results during the month of March are arranged in two classes: animals three years old and over, which gave not less than 50 lbs. of butter-fat during the month, and cows two years old, which gave not less than 40 lbs. The name of the cow is given first, then her breed, followed by the name and address of her owner, the total in pounds of milk yielded during the month, pounds of butter-fat produced, if period is in excess of one month.

The huge gas bag of the \$100,000 blimp which crashed recently near Clint, Texas, when the gas bag ripped open. The blimp settled to the ground without damage.

ROLE OF SEEDS IN CARRYING PLANT DISEASES

(Experimental Farms Note)

From the standpoint of yield and quality, the health of seed is a matter of great importance entering into the successful production of agricultural crops. Because of seed-borne parasites the crop may be a failure, notwithstanding the influence of such factors as nutrition, moisture, temperature and the chemical reaction of the soil.

It is customary to regard a seed as a specialized body containing the embryo plant which, under favourable conditions, is capable of growth and development into a normal plant. However, in appreciating this important provision of Nature we overlook the fact that seeds may carry and spread germs which cause plant disease epidemics, properly referred to as epiphytotics.

There are a number of known ways in which parasitic organisms or pathogens become associated with seeds. Ergot of wheat and rye, for example, is composed of a hardened mass of fungus threads which have developed within the seed to form the well-known black sclerotia. In the case of tomato wilt and certain smut diseases the spores or other reproductive stages of the fungus adhere to the surface of the seed. Bacteria, also, may contaminate the surface of seeds or they may be lodged under the seedcoat.

It is difficult to estimate the economic importance of seed-borne diseases, yet statistics show that this agency alone accounts for enormous losses. By consulting the latest plant disease survey report of the Division of Botany, Ottawa, we find that in the year 1930 the losses due to smut diseases of wheat in Western Canada for the three months ending October 31, were as follows:

	Per Cent
Hard Red Spring	1.7
Alberta Red Winter	5.5
Durum	16.6
All Wheat	2.8

Compared with 1929 there was a marked increase in losses from bunt or stinking smut in Hard Red Spring Wheat. Botanically speaking, potato tubers are not seeds but they may be designated as such when used in propagation so that the diseases transmitted through the agency of seed tubers may be logically classified as seed-borne. The extent to which diseases within this class affect the production of potatoes may be illustrated by figures contained in the 1930 report of the Dominion of Canada Seed Potato Inspection Service. Of the fields rejected in the various provinces because of disease, mosaic was responsible for 53 per cent of the rejections. Blackleg was second with 9.4 per cent and leaf roll third with 5.6 per cent.

The matter of controlling seed-borne diseases is but part of the more general problem of plant disease prevention. Some noteworthy advances in this direction have been made by the Division of Botany. Further information may be obtained free of charge by communicating with the nearest branch

ROD AND GUN CLUB DESIRES MORE MEMBERS

(Continued from Page 6)

June 19th, as an appropriate date. This was incorporated in a motion and seconded by Mr. W. Carruthers.

Mr. W. R. Laws thought that July 1st would be a better date, but not many favoured holding the competition on Dominion Day. On a vote being taken, Mr. Spurrier's motion carried.

In answer to Mr. V. D. Lewis, who asked if the competition was for skilled fishermen only, the chairman remarked that he had won the event the second time he had tried casting. However, if handicapping could be done by a committee, some such arrangement would be made.

Mr. Spurrier said that there was a possibility of a little cup being donated for first-year fly casters.

A Fish Nursery

The matter of the establishment of a fish nursery was next discussed fully, letters from the Federal Department of Fisheries being read by the Secretary, in which it was stated that local officials should be asked to inspect the proposed site before any action was taken.

Mr. Spurrier said that six years ago he procured fry from the government and stocked a pond in Glenmore. The fish were fed two or three times a week—for the first ten days with curd thrown on the water. When they were an inch long the feed was changed to bait liver and the fish thrived, attaining good size.

Col. Carey said that the difficulty was in the expense involved, and a man or boy would have to be hired to feed the pond. One way out would be to urge the government to give the club six-inch fish to start with. He recalled that some years ago he procured fish from a government hatchery, put them in a stream and never fed them but he saw none die. Temperature of the water was very important. If the government could be induced to give the club yearlings or older, it would be a good idea.

Mr. George Gartrell, Fish Warden, of Summerland, who was asked to speak, reminded his hearers that he was not employed in the fish cultural department. He had seen some of the ponds referred to by Mr. Spurrier. If these were cleaned out, small fry could be placed in them without any attention whatever. The temperature had to be right, however, and the ponds should be inspected. The fry should be two or three inches long.

In answer to Mr. Groves, Col. Carey said that the maximum temperature of the ponds should be sixty degrees—over that was deadly. The small trout required the coldest water—as they developed it did not matter so much. The speaker thought that eyed-over eggs should be given a trial this year.

The chairman agreed. They could also watch temperatures this year and have something to work on in another year.

Mr. Spurrier pointed out that the experimental stage had been passed. The ponds in the K.L.O. district, which it was proposed to stock, would develop small fry as satisfactorily as the Glenmore pond, which had been proven. He would move that Mr. Motley, of the Biological Station, Nanaimo, one of the best fish culturists in Canada, be invited to come to Kelowna to lecture on the subject.

This was seconded by Mr. Pridham and carried. Mr. Groves adding that Mr. Motley should also be asked to inspect the ponds in question.

Pointing out that sportsmen were to be assessed more for fish and game licences this year, Mr. Brydson was of the opinion that the club should ask for a contribution from the government for some worthy object, such as financial assistance in the stocking of a rearing pond. This was put in the form of a resolution and carried.

Mr. Spurrier remarked that the cost would not be excessive, and he read a letter from Mayor Frowse, of Vernon,

Laboratory of Plant Pathology.

R. R. HURST,
Dominion Experimental Station,
Charlottetown, P.E.I.

President of the B.C. Fish & Game Protective Association, pledging support if a suitable pond was selected. The Penticton club was willing to get behind it too.

It was left to the incoming directorate to appoint a committee to help look after details of the forthcoming convention of the Interior Fish and Game clubs to be held here this year.

Mountain Goat And Elk For District

Resolutions to the effect that the Game Commissioner be requested to stock the headwaters of Canyon and Sawmill Creeks with mountain goat and the headwaters of Mission Creek with

elk, were presented by Mr. Groves, who felt that the elk would not cause any real damage as they would be placed far away from orchards.

Game Warden Maxson said that he had investigated damage done in the south, which was mostly to fences. The bull elk did the most damage. If the club was willing to pay for any damage done, the Game Commissioner would doubtless give the necessary permission.

The resolutions were adopted.

Beaver Lake

Following some discussion, it was decided to arrange for screens for Beaver

Lake this year.

Mr. Charles DeMara thought that the club should organize a gang some day to improve the Beaver Lake road. A few years ago voluntary workmen had made Chute Lake road a good one. He would like to see the Beaver Lake road improved before the fly casting competition.

The chairman agreed but, in his opinion, it was still a little early to set a date for the work.

It would be advisable to see Mr. Archie Clark first, said Mr. Maxson.

That the Game Warden should be appointed a committee of one to set the

date and organize a gang to do the work, was the suggestion of Mr. Spurrier, Carried.

Mr. Tilley promised "a bottle a piece" to every man who turned out. And with this happy prospect in mind, the meeting adjourned.

During dinner and an interval in the evening, when new members were being signed up, an orchestra consisting of Mr. A. Guild, violin, Mr. R. Segrist, piano, and Mr. Harry Kirk, cello, played several classical selections, which were well received. This orchestra brightened the proceedings and added to the evening's enjoyment.

OGOPOGO REMAINS A MYSTERY

—so does this delivery business. It's a mystery that anyone can look on it as being free.

Of course, where a merchant can afford to be so philanthropic as to keep a delivery car running all over the community for the benefit of the public and pay for it out of his own salary, it's all right. But in the general run of events this is just not done.

In theory the delivery may be looked upon as free, but in actual practice the merchant gives it and the customer indirectly pays for it. And the unfair part of it is that the customer, under such a system, pays for it whether he wants it or not.

Our policy, in these times, is that delivery costs should not be figured in prices. That only those who wish delivery should have it and that they should have it at cost and know what it costs.

With an order weighing up to 50 lbs. costs 8c for delivery; from 50 lbs. to 100 lbs., 10 cents and over 100 lbs., 15c. Under this system we can sell our goods at a minimum low price because we are not gambling with delivery costs.

GORDON'S GROCERIA

PHONE 30

LETTERS TO THE EDITOR

CRUELTY TO A HORSE

To the Editor, Kelowna, April 12, 1932.
Kelowna Courier.

Sir, Will you allow me a small portion of your valuable space to state a case of gross cruelty to a horse which took place last Monday here in Kelowna?

Some cattle were being driven to the range across the lake and one of the men herding them, who was riding a horse in a starved condition, rode the animal nearly to death. The poor beast felt twice, and the second time was left for dead. A small boy on his way to school saw the horse lying on the ground and very thoughtfully took off the saddle, thinking—quite rightly—that it would ease the poor animal. Many of the school children saw the whole thing, and I am glad to hear that Miss Ross, one of the school teachers, spoke to her class on the great cruelty which many of them had witnessed, using strong language in denouncing the culprit.

I hope I may have the pleasure of meeting Miss Ross soon and thanking her for her courage and thoughtfulness in addressing the children in the way she did. I have also a small present for the boy who removed the saddle and a very useful horse-whip for the cruel brute who should never be allowed to ride a horse again.

I hope and trust the Royal Society for Prevention of Cruelty to Animals may take up this matter.

Yours faithfully,

L. A. de V. CAREY,
Lieut.-Colonel.

SILVER REGATTA SECOND IN RECEIPTS

Continued from page 5

against the Queen Contest is accounted for by the fact that some of the accounts and prizes due on the Queen Contest were not paid for by the Committee running that Contest, but were handed over with the proceeds to your Secretary to finally wind up. The net receipts from this Contest amounted to \$1,161.33. A copy of the Queen Contest Account and a copy of the Midway Account, net profits on which were \$192.20, are included in the balance sheet for your perusal.

"The profit on your Regatta shows the satisfactory increase over last year of \$840.10, a gross of \$150.00. The gate receipts show an increase of \$651.14. Donations dropped \$167.50. Net receipts of the Queen Contest amounted to \$1,161.33, after deducting the percentage promised to the Kelowna General Hospital. Unfortunately the baseball proved a loss and the wrestling only just held its own. However, they were worth while as they added to the diversity of the programme provided by your Committees for the enjoyment of the public.

"The depreciation on buildings and equipment has been deducted on the same basis as previous years. In conclusion, I wish to take this opportunity of thanking the President and Directors of your Association for their help and consideration during the past year, and I would like to particularly mention Mr. R. F. Parkinson, to whose enterprise and hard work you owe the success of the Queen Contest. "All of which is respectfully submitted."

R. F. Parkinson To Manage Queen Contest

Although he objected on the grounds that he would not have sufficient time but was willing to help all he could, Mr. R. F. Parkinson, who was largely responsible for the success of the Queen Contest last year, was named to take charge of the contest in 1932. On motion by Mr. Chapin, the incoming directorate was recommended to hire Mr. Parkinson at a suitable remuneration to conduct the Queen Contest this year.

Election Of Directors

Election of Directors was the next business, three vacancies occurring through the retirement of Messrs. MacLaren, C. D. Gaddes and E. B. K. Loyd. Mr. Collett moved that the entire directorate be re-elected, but Mr. MacLaren declared that he would not be able to serve this year. While a Director of the Association he had enjoyed the work and would continue to help in any way that he could, but not in an official capacity.

Mr. E. C. Weddell was nominated but also declined.

Mr. Spurrier was nominated by Messrs. Chapin and Parkinson and was declared elected.

The executive now consists of Messrs. Tempest, Foot, E. M. Carruthers, W. R. Carruthers, E. B. K. Loyd, Charles Gaddes and J. B. Spurrier.

Boats Available For Hire After May 1st

Following remarks by Mr. Spurrier to the effect that fees could be collected for boat hire as early in the year as

sides, Vernon as usual treating its visitors with great hospitality.

A return match will be played at Athletic Park, Kelowna, on Sunday next, at 2.30 p.m. Kelowna, represented by the following players, will not, unfortunately, be at full strength: A. K. Loyd, Spear, Agar, Cookson, Bredin, Reid, Bowser, Adams, Lewis, C. Taylor and Hobson.

JUST CHATTER

(By Ex-Kelownian)

Kelowna Hoopsters Need Experience Against Senior A Teams

Well, the smoke and the dust of basketball has cleared away, and Kelowna rests with one provincial championship and an Interior—good work! The Senior tussles have clearly proved one point that this column has maintained throughout, that, if Kelowna is to reach the highest rung, and it is by no means beyond the range of possibility, Kelowna must secure opposition against stronger teams. It is not sufficient to play Penticton and Kamloops and the surrounding teams, which may be fair Senior B but lack the experience and tricks of Senior A. Of course, this develops into the old question of finance. It is hopeless to get any teams to travel to the Interior on a \$45.00 guarantee. Even by taking a number of towns in, the guarantee offered did not cover expenses, and few players could make the trip. If they were not working and could afford the time, they could not afford the cost, and if they were working and could finance, they could not afford the time and risk their jobs. This is no criticism of the executive, who simply had to cut their suit to their cloth. However, if they are looking to the future as they doubtless are, now is the time to lay plans, and they would be well advised to keep their teams intact and start now upon a series of social events, etc., to raise the required funds, so that next year they might bring teams in, or, if that is absolutely impossible, then plan a Christmas trip to the Coast and secure opposition against some of the best teams. It is imperative that they get real opposition. It matters not whether they win or lose their games, the main thing is to gain experience and styles of play. Anyhow, congratulations to the teams that came through and brought honour to Kelowna.

At the annual meeting of the Kelowna Fire Brigade War Canoe Club, held in the Fire Hall on April 8th, the following officers were elected: President, Geo. S. McKenzie; Vice-President, R. Sutherland; Manager, F. M. Buckland; Secretary, R. E. Denison; Captain, Max Jenkins; Vice-Captain, Claude Newby; Trainers, R. Sutherland and I. MacRae; Committee, A. Edwards, C. Newby, M. Jenkins, H. L. Willis, F. M. Buckland, F. R. Newmarch, R. E. Denison.

At a special meeting of the Agricultural and Trades Association, held on April 6th, there was an attendance of less than twenty members to discuss the important question of removing a site in the City Park, as proposed in the following resolution moved by Mr. T. W. Stirling: "That this meeting is of opinion that it would be to the advantage of the Society and in the general public interest if the City would sell the present show grounds and use the balance of the funds so obtained, over and above all expenses, in conjunction with the government grant, for the construction of a show building in the Park."

Mr. J. L. Pridham moved in amendment, seconded by Mr. F. R. E. DeHart: "That we decide to build a new building on the present grounds, or enlarge the present building to suit the conditions."

On being put to a vote, the amendment carried by a small majority, and the proceedings then terminated. The interesting fact is recorded in this issue of organization of the local Troop of Boy Scouts. The item, which includes a lengthy exposition of the aims of the Scout movement, states: "On Good Friday, Mr. V. R. Gilmore, late of the Vernon Y.M.C.A., organized a corps of Boy Scouts from the pupils of the Public and High Schools in town, and has been engaged since then in training the boys, about sixty in number, in the art of scouting and the various useful accomplishments which are included in the programme of the Scoutmaster. The movement promises to be very popular among the boys, and, contrary to the ordinary conception, the movement is not military in character, as there is no rifle drill or any of the stiff military training which prevails in many Boys' Brigades. The boys are taught to stalk their quarry, but rifle shooting is not included in the training."

Mr. L. V. Rogers, of the High School staff, will probably be the Scoutmaster, and a committee selected by the City Council at the request of Mr. Gilmore, consisting of Major C. Clarke, Messrs. J. F. Burne, Geo. S. McKenzie, F. M. Buckland, D. W. Sutherland, A. R. Lord, J. A. Macdonald, Max Jenkins, T. E. Cooper and J. W. Jones, will select an additional one. The following boys have been appointed patrol leaders of the six patrols so far organized: C. Jones, B. Fletcher, A. Curtis, G. Curtis, D. McMillan and W. Duggan. The youngsters are all working enthusiastically and the only disgruntled ones are those who are too young to be as yet too young to join the movement."

Real estate was very active at this time and several large transfers are reported in this issue, the most important of which was the sale by Messrs. D. W. Sutherland, F. R. E. DeHart, Elliott & Copeland and Miss Port of the entire block of property north of Bay Avenue and between Richter St. and the lake to the Grand Pacific Land Company of Winnipeg. The exact price was not made public but was understood to run well over \$100,000. The Grand Pacific Land Co. are selling agents for the Grand Trunk Pacific Railway's lands, and had a large and active sales force covering Canada and a number of agents in England and the United States. They had grandiose plans for development of the Kelowna tract into a beautiful residential area, with a wide lake shore drive the entire length, a winding drive at the foot of Knox Mountain and an eighty-foot boulevard from east to west through the entire property. While the development was said to be materializing, many lots were sold at high prices to prairie and Eastern investors, who surrendered most of them to the City in default of taxes during the pinch of war conditions.

Other sales recorded include twenty acres of Mr. John Conlin's orchard property to Mr. H. B. Spencer, General Superintendent of the C.P.R. at Ottawa, at a price of \$1,000 an acre. Another important sale was that of sixty-five acres owned by Mr. W. J. Marshall, near the Layritz Nursery, at \$400 per acre. Mr. Marshall had bought the property three months before at \$300 per acre. Mr. T. W. Stirling and Dr. B. R. Boyce disposed of some forty acres extending from Ellis Street to the lake, including considerable lake frontage, to the Canadian Northern Railway Co. for railway terminal purposes at a figure of approximately \$2,000 per acre.

Thanks to the retiring President, whose services were appreciated by the public and who had been largely responsible for keeping alive interest in the Association, were extended by Mr. Weddell and seconded by hearty applause.

Thanks for valuable publicity were tendered to the Kelowna Courier, the Vancouver Daily Province and the

TWENTY YEARS AGO

From the files of "The Kelowna Courier"

Thursday, April 11, 1912

"Good Friday was a lovely spring day, and the delightful weather was taken full advantage of by holiday makers, many of whom, especially the younger folks, spent a pleasant time picnicking in the country."

"D Squadron, B. C. Horse, had a mounted parade on Good Friday, in full uniform, and the hitherto unusual spectacle in Kelowna of their scarlet tunics attracted the attention of a number of interested sightseers, as the squadron rode in column towards the Polo Ground, where manoeuvres and field work were carried out. A number of members of the corps came in from the country, and, considering the other attractions of a holiday, the attendance was very good, numbering about thirty-five."

At the annual meeting of the Kelowna Fire Brigade War Canoe Club, held in the Fire Hall on April 8th, the following officers were elected: President, Geo. S. McKenzie; Vice-President, R. Sutherland; Manager, F. M. Buckland; Secretary, R. E. Denison; Captain, Max Jenkins; Vice-Captain, Claude Newby; Trainers, R. Sutherland and I. MacRae; Committee, A. Edwards, C. Newby, M. Jenkins, H. L. Willis, F. M. Buckland, F. R. Newmarch, R. E. Denison.

At a special meeting of the Agricultural and Trades Association, held on April 6th, there was an attendance of less than twenty members to discuss the important question of removing a site in the City Park, as proposed in the following resolution moved by Mr. T. W. Stirling: "That this meeting is of opinion that it would be to the advantage of the Society and in the general public interest if the City would sell the present show grounds and use the balance of the funds so obtained, over and above all expenses, in conjunction with the government grant, for the construction of a show building in the Park."

Mr. J. L. Pridham moved in amendment, seconded by Mr. F. R. E. DeHart: "That we decide to build a new building on the present grounds, or enlarge the present building to suit the conditions."

On being put to a vote, the amendment carried by a small majority, and the proceedings then terminated. The interesting fact is recorded in this issue of organization of the local Troop of Boy Scouts. The item, which includes a lengthy exposition of the aims of the Scout movement, states: "On Good Friday, Mr. V. R. Gilmore, late of the Vernon Y.M.C.A., organized a corps of Boy Scouts from the pupils of the Public and High Schools in town, and has been engaged since then in training the boys, about sixty in number, in the art of scouting and the various useful accomplishments which are included in the programme of the Scoutmaster. The movement promises to be very popular among the boys, and, contrary to the ordinary conception, the movement is not military in character, as there is no rifle drill or any of the stiff military training which prevails in many Boys' Brigades. The boys are taught to stalk their quarry, but rifle shooting is not included in the training."

Mr. L. V. Rogers, of the High School staff, will probably be the Scoutmaster, and a committee selected by the City Council at the request of Mr. Gilmore, consisting of Major C. Clarke, Messrs. J. F. Burne, Geo. S. McKenzie, F. M. Buckland, D. W. Sutherland, A. R. Lord, J. A. Macdonald, Max Jenkins, T. E. Cooper and J. W. Jones, will select an additional one. The following boys have been appointed patrol leaders of the six patrols so far organized: C. Jones, B. Fletcher, A. Curtis, G. Curtis, D. McMillan and W. Duggan. The youngsters are all working enthusiastically and the only disgruntled ones are those who are too young to be as yet too young to join the movement."

Real estate was very active at this time and several large transfers are reported in this issue, the most important of which was the sale by Messrs. D. W. Sutherland, F. R. E. DeHart, Elliott & Copeland and Miss Port of the entire block of property north of Bay Avenue and between Richter St. and the lake to the Grand Pacific Land Company of Winnipeg. The exact price was not made public but was understood to run well over \$100,000. The Grand Pacific Land Co. are selling agents for the Grand Trunk Pacific Railway's lands, and had a large and active sales force covering Canada and a number of agents in England and the United States. They had grandiose plans for development of the Kelowna tract into a beautiful residential area, with a wide lake shore drive the entire length, a winding drive at the foot of Knox Mountain and an eighty-foot boulevard from east to west through the entire property. While the development was said to be materializing, many lots were sold at high prices to prairie and Eastern investors, who surrendered most of them to the City in default of taxes during the pinch of war conditions.

Other sales recorded include twenty acres of Mr. John Conlin's orchard property to Mr. H. B. Spencer, General Superintendent of the C.P.R. at Ottawa, at a price of \$1,000 an acre. Another important sale was that of sixty-five acres owned by Mr. W. J. Marshall, near the Layritz Nursery, at \$400 per acre. Mr. Marshall had bought the property three months before at \$300 per acre. Mr. T. W. Stirling and Dr. B. R. Boyce disposed of some forty acres extending from Ellis Street to the lake, including considerable lake frontage, to the Canadian Northern Railway Co. for railway terminal purposes at a figure of approximately \$2,000 per acre.

Thanks to the retiring President, whose services were appreciated by the public and who had been largely responsible for keeping alive interest in the Association, were extended by Mr. Weddell and seconded by hearty applause.

Thanks for valuable publicity were tendered to the Kelowna Courier, the Vancouver Daily Province and the
